## **Ten Bears:**

The Life of Ten Bears Thomas W. Kavanagh, 2016-05-01 The Life of Ten Bears is a remarkable collection of nineteenth century Comanche oral histories given by Francis Joseph Joe A Attocknie Although various elements of Ten Bears s life ca 1790 1872 are widely known including several versions of how the toddler Ten Bears survived the massacre of his family other parts have not been as widely publicized remaining instead in the collective memory of his descendants Other narratives in this collection reference lesser known family members These narratives are about the historical episodes that Attocknie s family thought were worth remembering and add a unique perspective on Comanche society and tradition as experienced through several generations of his family Kavanagh s introduction adds context to the personal narratives by discussing the process of transmission These narratives serve multiple purposes for Comanche families and communities Some autobiographical accounts recounting brave deeds and war honors function as validation of status claims while others illustrate the giving of names still others recall humorous situations song ridicules slapstick and tragedies Such family oral histories quickly transcend specific people and events by restoring key voices to the larger historical narrative of the American West

Multiculturalism, Postcoloniality, and Transnational Media Ella Shohat, Robert Stam, 2003 Reflecting academic interests in nation race gender sexuality and other axes of identity this text gathers these concerns under the same umbrella contending that these issues must be discussed in relation to each other because communities societies and nations do not exist autonomously

**Indian Oratory** W. C. Vanderwerth, William R. Carmack, 1971 This collection of notable speeches by early day leaders of twenty two Indian tribes adds a new dimension to our knowledge of the original Americans and their own view of the tide of history engulfing them Little written record of their oratory exists although Indians made much use of public address Around the council fires tribal affairs were settled without benefit of the written word and young men attended to hear the speeches observe their delivery and consider the weight of reasoned argument Some of the early white men who traveled and lived among the Indians left transcriptions of tribal council meetings and speeches and other orations were translated at treaty council meetings with delegates of the United States government From these scattered reports and the few other existing sources this book presents a reconstruction of contemporary thought of the leading men of many tribes Chronologically the selections range from the days of early contact with the whites in the 1750 s to a speech by Quanah Parker in 1910 Several of the orations were delivered at the famous Medicine Lodge Council in 1867 A short biography of each orator states the conditions under which the speeches were made locates the place of the council or meeting and includes a photograph or copy of a painting of the speaker Speakers chosen to represent the tribes at treaty council were all orators of great natural ability well trained in the Indian oral traditions Acutely conscious that they were the selected
