Soldier of Fortune 500 Steve Romaine, 2002-08

At last a book that with honesty and humor reveals the consultant's hidden playbook A top level consultant who came back in from the cold to become a corporate executive with one of the top U S banks Romaine chronicles the behind the scenes deal making among executives consultants and third party outsourcers that typifies all too many of today's corporations Romaine also presents sound recommendations that can help responsible managers and consultants survive and win

M A Turin Former IBM Group Director for International Technical Support Vice President of Gartner Group President of Turin Associates intriguing and very relevant particularly in light of Enron Ralph Nader Even if you're not in business it's an interesting story and worth the read

Foreword Finally the real story about corporate America with its increased reliance on consultants Since the 1990s consulting solutions have become the de facto standard for solving business problems and providing cover for corporate decision makers This is not the typical CEO whitewash or business management primer Steve Romaine offers a view never before shared with management or stockholders as he takes a hired gun's journey beginning at the outside looking in and ending at the pinnacle of a corporation's power Based on his experience of working for IBM his later role as a self employed consultant and finally his responsibilities as senior vice president for NationsBank Romaine makes it clear that the issues leading to the collapse of Enron were not isolated events

Soldier of Fortune 500 explores corporate cronyism between executives and their consultants and builds a convincing case of how without the proper safeguards such cozy relationships can lead to pervasive problems placing stockholders employees and the future viability of the American corporation at risk This book is a must read for corporate managers employees and anyone involved with the
