WHAT WE MUST DO TO CARE
FOR THE ANIMALS WE LOVE

Ten Trusts:

The Ten Trusts Jane Goodall, Marc Bekoff, 2013-08-06 World renowned behavioral scientists Jane Goodall and Marc Bekoff have set forth ten trusts that we must honor as custodians of the planet. They argue passionately and persuasively that if we put these trusts to work in our lives, the earth and all its inhabitants will be able to live together harmoniously. The Ten Trusts expands the concept of our obligation to live in close relationship with animals, for of course we humans are part of the animal kingdom, challenging us to respect the interconnection between all living beings as we learn to care about and appreciate all species. The world is changing. We are gradually becoming more aware of the damage we are inflicting on the natural world. At this critical moment for the earth, Goodall and Bekoff share their hope and vision of a world where human cruelty and hatred are transformed into compassion and love for all living beings. They dream of a day when scientists and non-scientists can work together to transform the earth into a place where human beings live in peace and harmony with animals and the natural world. Simple yet profound, The Ten Trusts will not only change your perspective regarding how we live on this planet, it will establish your responsibilities as a steward of the natural world and show you how to live with respect for all life. *British Non-Bank Financial Intermediaries* David Goacher, Peter Curwen, R.
