Al-Mubarak,Ali Husain Muhammad,Michael Busler,2014-11-24 In this book Hanadi Mubarak Ali Husain and Michael
promote the concept of innovation incubators from a business management perspective The book provides a comprehensive
roadmap for the development of new economies based on technology as well as value added in technology transfer innovation
development and an entrepreneurial climate Many books on innovation and entrepreneurship take a theoretical approach
presenting a selection of examples that may not reflect reality However this compendium of innovation and entrepreneurship
case studies is based on the practical experience of executives and managers regarding the undertaking of projects within
their industry and company It is this practical approach emphasizing enterprise wide projects as a consequence of the
current economic reality that differentiates this book from conventional texts on innovation and entrepreneurship This
investigation uses successful international case studies based on models in developed and developing countries It argues that
innovation incubators must be adopted by Arab countries to support diversification of their economies the commercialization
of new technologies job creation and foster an entrepreneurial climate The book presents research and case studies which
provide new insights into practices for undertaking projects that both executive and project managers will find interesting
and useful for the advancement of their enterprises particularly in the area of innovation and entrepreneurship **AR 420-1**
