## **Tennis And The Mind:**

**The Mind of a Tennis Player** Steve Brady, 2022-09-14 Bestseller author Steve Brady's masterpiece on becoming a pro tennis player is a keeper Has your mind sabotaged your tennis game on more than one occasion Have you struggled to maintain inner peace when engaged in competitive play Has unnecessary fear and worry robbed you of the pleasure you once experienced playing the great game of tennis If you have answered yes to any one of these questions then this book is for you This special edition of the author's previous book *The Mind of a Tennis Player* has ten additional chapters devoted to improving the junior and adult competitors mental strength during play Chapters such as *The Mind and Body Relationship* *Cherish the Battle* and *Never Abandon Your Tennis Ship* will continue to give you practical strategies and tips keeping you on the right path to play your best tennis Steve Brady has been involved with the game of tennis for over 45 years He was the former Head Tennis Professional at Palmetto Dunes Tennis Center in Hilton Head Island South Carolina and Wild Dunes Tennis Center in the Isle of Palms South Carolina

**The Tennis Brain** Federico Di Carlo, 2016-12-17 Most times tennis players and athletes in general finish the competition unhappy about their performances They feel that the potential was there but a hidden force prevented them from achieving a feel good performance Performances however are never usually black and white Most times athletes feel as though they were going through flows flash in flash out phases Falls during performance are conventionally defined slumps and are among the most hated between athletes above all when they feel that the main reason for slumps is not due to technical tactical or athletic flash outs but rather to the mental components of the sport activity In *The Tennis Brain* you will find the following Journey inside the processes and functions of the human brain Find a neuroscientific based evidence for theories on the mind and conscious processes Discover why the game of tennis is so prone to mind influences Understand how the mind processes influence tennis game specific situations Learn how to synchronize brain body and mind for best tennis in match performance

**Book Endorsements** This work by Federico Di Carlo is a cornerstone among the contemporary research on cognitive neuroscience The reader is introduced to the exploration and a step by step understanding of the brain and mind mechanisms Through a fascinating journey in the world of tennis the author motivates the reader to discover and change wrong behaviours in a positive way This is a complete manual useful to both tennis professionals and fans as well as to anyone aspiring to achieve better results in the game of life Renzo Ardiccioni associate professor of communication Universit du Maine France Drawing upon a great number of studies as well as on the authors personal experience *Tennis Brain* brings together neurosciences and tennis practice challenging the readers to critically reconsider some of their habits and beliefs Di Carlo summarises the extensive research produced in the last three decades and makes it accessible to a wider audience bringing our understanding of key mental aspects of tennis out of the realm of empirical opinions and into the realm of science and knowledge *Tennis Brain* can actually guide the readers to develop their own critical thinking and to learn to improve

Alessandro Bruinen Serio PhD founder of RISED Research for

Integrative and Sustainable Development Since the first time we met I was really impressed with Di Carlo well founded opinion genuine love and immense enthusiasm for a neuroscientific driven tennis which comes out from every single page of The Tennis Brain Starting from a presentation of the structural and physiological mechanisms of the nervous system and the psychological assets of the mind Federico Di Carlo uses the tennis court to change the tennis player mind to a positive thinking and correct competitive mentality For scientific consistency I compared my thinking on the book with other readers and I received a similar feedback The Tennis Brain actually might represent a benchmark in the developing field of cognitive neuroscience applied to sport coaching Prof Salvatore Guccione Department of Drug Sciences University of Catania
