

# Development of Tense and Aspect in a Japanese-English Bilingual

Akiyo Fukatsu

## Abstract

この研究の目的は、日英同時バイリンガル児による動詞形態素の習得において言語間交差的影響が見られるかを明らかにすることである。バイリンガリズム研究では、複数の言語がどのように習得され、こころの中に表象されているのかが問題となってきた。これまでの研究でも、日英バイリンガル児における動詞形態素の習得について扱われているが、動詞形態素が用いられる動詞の種類 viewpoint から言語間の影響を調査はされていない。そこで、本研究ではアスペクト仮説 (Andersen & Shirai, 1994) に基づき、日英同時バイリンガル児の1歳から2歳までの発話を分析した。結果、バイリンガル児の各言語における動詞形態素の使用は言語特有の傾向が見られ、定型発達 of モノリンガルの言語使用から大きく逸脱したような発話は見られなかった。このことから、日英バイリンガル児の動詞形態素の発達 is、形態素と共起する動詞の種類 viewpoint から、独立的な発達をしていることが示唆された。

**Key Words:** language acquisition, verbal morphology, Aspect Hypothesis, bilingualism, Separate Development Hypothesis

## 1. Introduction

The present study aims to investigate the developmental pattern of verbal morphology in a Japanese-English bilingual child from the view of tense and aspect. Although the concept of temporality and aspectuality exists in most languages, how they are realised in the linguistic system significantly varies significantly from language to language. Japanese verbal morphemes are well known for marking a range of aspectuality. In addition to the need to acquire two systems for tense and aspect, the differences between these systems make learning even more complex. Whether bilinguals can develop the multiple linguistic systems without confusion is the question which this present study tries to answer.

## **Tense And Aspect In Japanese And English:**

**Tense and Aspect in Japanese and English** Kei Yoshimoto, 2000 This work aims at a contrastive investigation of the tense and aspect in Japanese and English placing emphasis on formal solutions of problems which are applicable to machine translation based on Head Driven Phrase Structure Grammar and Discourse Representation Theory After formulating DRS s for Japanese predicates with and without te iru it addresses the issue of how to resolve the ambiguity in terms of the aspectual meanings in te iru marked sentences Then the problem of Consecutio Temporum sequence of tense is discussed on the basis of a four layered syntactic hierarchy Lastly the result of an implementation of the rules proposed in the preceding part of the work is exhibited *The Acquisition of Tense and Aspect in Japanese by English-speaking Learners* Kyoko

Tomikura, 2011 **The Acquisition of Lexical and Grammatical Aspect** Ping Li, Yasuhiro Shirai, 2011-05-03 Language acquisition is a human endeavor par excellence As children all human beings learn to understand and speak at least one language their mother tongue It is a process that seems to take place without any obvious effort Second language learning particularly among adults causes more difficulty The purpose of this series is to compile a collection of high quality monographs on language acquisition The series serves the needs of everyone who wants to know more about the problem of language acquisition in general and or about language acquisition in specific contexts *Biblical Translation in Chinese and Greek* Toshikazu S. Foley, 2009 This study integrates three independent subjects translation theory Mandarin aspect and Greek aspect for the purpose of formulating a working theory applicable to translating the Bible The primary objectives are defined in terms of grammatical translation of Greek aspect into Mandarin aspect at the discourse level A historical overview of the Chinese Bible is provided as a way of introducing major translation issues related to linguistic conceptual and logistical challenges The proposed theory provides the translator with a powerful tool which is tested in two sample passages from John 18 19 and 1 Corinthians 15 Provided also are critical reviews of over sixty Chinese Bible versions Nestorian Manichaean Catholic documents and a translation written according to the proposed theory **Aspects of Tenses, Modality, and**

**Evidentiality**, 2021-11-01 If there s a domain in linguistics which complexity calls for ever further research it s clearly that of tense aspect modality and evidentiality often referred to as TAME The reason for which these domains of investigation have been connected so tightly as to deserve a common label is that their actual intertwining is so dense that one can hardly measure their effects purely individually without regard to the other notions of the spectrum On the other hand despite their imbrications tense aspect modality and evidentiality remain needless to say separate theoretical entities The papers gathered in this volume cover a range of issues and a variety of methods that help delineate each in its way new perspectives on this broad domain **The L2 Acquisition of Tense Aspect Morphology** M. Rafael Salaberry, Yasuhiro Shirai, 2002-10-24 The present volume provides a cross linguistic perspective on the development of tense aspect in L2 acquisition Data based studies included in this volume deal with the analysis of a wide range of target languages Chinese English Italian French

Japanese and Spanish Theoretical frameworks used to evaluate the nature of the empirical evidence range from generative grammar to functional typological linguistics Several studies focus on the development of past tense markers but other issues such as the acquisition of a future marker are also addressed An introductory chapter outlines some theoretical and methodological issues that serves as relevant preliminary reading for most of the chapters included in this volume Additionally a preliminary chapter offers a substantive review of first language acquisition of tense aspect morphology The analysis of the various languages included in this volume significantly advances our understanding of this phenomenon and will serve as an important basis for future research **The Oxford Handbook of Tense and Aspect** Robert I.

Binnick,2012-06-14 This Handbook is a comprehensive authoritative and accessible guide to the topics and theories that current form the front line of research into tense aspect and related areas **Tense, Aspect, and Event Representations in English and Japanese** Ayako Yamagata,2000 *Tense and Aspect in Korean* Sung-Ock Sohn,1995-11-01 This account of temporal expressions in Korean provides a more consistent unified treatment of tense and aspect than previous works on Korean Modality□Aspect Interfaces Werner Abraham,Elisabeth Leiss,2008-06-26 The main topics pursued in this volume are based on empirical insights derived from Germanic logical and typological dispositions about aspect modality links These are probed in a variety of non related languages The logically establishable links are the following Modal verbs are aspect sensitive in the selection of their infinitival complements embedded infinitival perfectivity implies root modal reading whereas embedded infinitival imperfectivity triggers epistemic readings However in marked contexts such as negated ones the aspectual affinities of modal verbs are neutralized or even subject to markedness inversion All of this suggests that languages that do not or only partially bestow upon full modal verb paradigms seek to express modal variations in terms of their aspect oppositions This typological tenet is investigated in a variety of languages from Indo European German Slavic Armenian African Asian Amerindian and Creoles Seeming deviations and idiosyncrasies in the interaction between aspect and modality turn out to be highly rule based *Second Language Acquisition* Neal Snape,Tanja Kupisch,2017-09-16 Exploring the canonical topics in second language acquisition this book introduces different theoretical perspectives and explores the types of research carried out in the field Individual chapters have been written so that they can stand alone giving instructors and students total control over the pace and order of study and the book is written in an accessible conversational style inviting engagement with this dynamic topic Second Language Acquisition Surveys key studies in the acquisition of morphology syntax and phonology Features a whole chapter dedicated to bilingualism tying together two closely linked fields Examines the role and implications of pedagogy in language teaching contexts Employs end of chapter questions concept practice and suggestions for further reading to encourage deeper engagement with topic The Dialect Laboratory Gunther De Vogelaer,Guido Seiler,2012-08-29 Much theorizing in language change research is made without taking into account dialect data Yet dialects seem to be superior data to build a theory of linguistic change on since dialects

are relatively free of standardization and therefore more tolerant of variant competition in grammar. In addition, as compared to most cross linguistic and diachronic data, dialect data are unusually high in resolution. This book shows that the study of dialect variation has indeed the potential, perhaps even the duty, to play a central role in the process of finding answers to fundamental questions of theoretical historical linguistics. It includes contributions which relate a clearly formulated theoretical question of historical linguistic interest with a well defined solid empirical base. The volume discusses phenomena from different domains of grammar: phonology, morphology and syntax, and a wide variety of languages and language varieties in the light of several current theoretical frameworks.

**The Acquisition of the Present** Dalila Ayoun, 2015-10-15. This is the first edited volume that tackles the acquisition of the present tense aspect temporality, an under researched area, particularly compared to the acquisition of past temporality. The first two chapters focus on the L1 acquisition of English from the perspective of the Aspect hypothesis and the Verb Island hypothesis. Wang Shirai and the L1 acquisition of French from the perspective of the zero tense hypothesis. Demirdache, Lungu. The remaining chapters tackle the L2 acquisition of English. Liszka, Al Thubaiti, Vraciu, French, Ayoun, Saillard, Spanish, Gabriele et al, Russian, Martelle and Japanese. Shirai, Li, by learners of different L1s: French, English, Arabic, Chinese and Korean, testing various semantic and syntactic hypotheses. The last chapter presents a summary of the findings and offers a few conclusions, as well as broad directions for future research.

***Future Times, Future Tenses*** Philippe De Brabanter, Mikhail Kissine, Saghie Sharifzadeh, 2014-06-26. *Future Times, Future Tenses* examines how the future is expressed by means of tense aspect and modality across a wide range of languages among them French, Polish, Basque, Turkish and West Greenlandic. From the present point of view, the future is not fixed while there is arguably only one past: the future is largely open and/or indeterminate. Reference to the future has thus become one of the most hotly debated topics in contemporary linguistics: the interactions of future tense with future time and of future tense with the semantics of possible worlds are crucial to any satisfactory account of temporal linguistics. This book considers and seeks a resolution to outstanding issues in the field by uniting linguistic and philosophical perspectives on future reference in natural language. Scholars from different parts of the world approach these issues from a variety of theoretical perspectives, including those of linguistic typology, formal semantics, pragmatics and philosophy of language. In the process, they question the very validity of the traditional notion of a specific marker for future tense. The book shows the close connections between linguistic, logical, metaphysical, ontological and epistemological issues concerning the future and reveals the value of linking linguistic considerations of tense and aspect to philosophical approaches to modality and time.

***Space and Time in Languages and Cultures*** Luna Filipovi?, Kasia M. Jaszczolt, 2012-07-24. This volume offers novel insights into linguistic diversity in the domains of spatial and temporal reference, searching for uniformity amongst diversity. A number of authors discuss expression of dynamic spatial relations cross linguistically in a vast range of typologically different languages such as Bezhta, French, Hinuq, Italian, Japanese, Polish, Serbian and Spanish among others. The contributions on linguistic expression of

time all shed new light on pertinent questions regarding this cognitive domain such as the hotly debated relationship between cross linguistic differences in talking about time and universal principles of utterance interpretation modelling temporal inference through aspectual interactions as well as the complexity of the acquisition of tense aspect relations in a second language The topic of space and time in language and culture is also represented from a different point of view in the sister volume Space and Time in Languages and Cultures Language culture and cognition HCP 37 which discusses spatial and temporal constructs in human language cognition and culture in order to come closer to a better understanding of the interaction between shared and individual characteristics of language and culture that shape the way people interact with each other and exchange information about the spatio temporal constructs that underlie their cognitive social and linguistic foundations

**Current Research in Applied Linguistics** Teresa Fanego, Evelyn Gandón-Chapela, Paula Rodríguez-Puente, 2014-06-26 This volume offers a representative selection of the papers presented at the Third ELC International Postgraduate Conference on Language and Cognition ELC3 held in Santiago de Compostela 21 22 September 2012 The book is structured into four parts Part I comprises syntactic studies on the auxiliary verb get in Indian English the grammar of verbs capable of occurring with or without an object in Contemporary English and isolated if clauses Part II includes two papers dealing with word formation patterns and with crosslinguistic influences on motion expression in English and Spanish The studies in Part III discuss topics related to second language acquisition such as the difficulties encountered by Spanish speakers in learning English pronunciation verbal morphology production by Japanese learners of English and the effects of elicitation on students production of English past tense forms The papers in Part IV revolve around discourse analysis and psycholinguistics addressing topics such as automatic sentiment detection perspectival construal patterns in language and cognition and the effect of emotional valence on disambiguation processes

### **Tense And Aspect In Japanese And English Introduction**

In the digital age, access to information has become easier than ever before. The ability to download Tense And Aspect In Japanese And English has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Tense And Aspect In Japanese And English has opened up a world of possibilities. Downloading Tense And Aspect In Japanese And English provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Tense And Aspect In Japanese And English has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Tense And Aspect In Japanese And English. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Tense And Aspect In Japanese And English. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Tense And Aspect In Japanese And English, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure

their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Tense And Aspect In Japanese And English has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

### **FAQs About Tense And Aspect In Japanese And English Books**

1. Where can I buy Tense And Aspect In Japanese And English books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Tense And Aspect In Japanese And English book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Tense And Aspect In Japanese And English books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing, and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.
7. What are Tense And Aspect In Japanese And English audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.

8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Tense And Aspect In Japanese And English books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
