Tensiones De Navarra Con La Admin:

The Fatal Knot John Lawrence Tone, 2018-08-25 John Tone recounts the dramatic story of how between 1808 and 1814 Spanish peasants created and sustained the world's first guerrilla insurgency movement thereby playing a major role in Napoleon's defeat in the Peninsula War. Focusing on the army of Francisco Mina, Tone offers new insights into the origins, motives and successes of these first guerrilla forces by interpreting the conflict from the long ignored perspective of the guerrillas themselves. Only months after Napoleon's invasion in 1807, Spain seemed ready to fall: its rulers were in prison or in exile, its armies were in complete disarray and Madrid had been occupied. However, the Spanish people themselves, particularly the peasants of Navarre, proved unexpectedly resilient. In response to impending defeat, they formed makeshift governing juntas, raised new armies and initiated a new kind of people's war of national liberation that came to be known as guerrilla warfare. Key to the peasants' success, says Tone, was the fact that they possessed both the material means and the motives to resist. The guerrillas were neither bandits nor selfless patriots but landowning peasants who fought to protect the old regime in Navarre and their established position within it. From the book: 'That unfortunate war destroyed me; it divided my forces, multiplied my obligations, undermined my morale. All the circumstances of my disasters are bound up in that fatal knot: Napoleon Bonaparte on the Spanish war.' *La vieja herida* Floren Aoiz, 2002 [Historia de Euskal Herria: Del hierro al](#)

[roble](#) José Luis Orella Unzué, Xosé Estévez, José María Lorenzo Espinosa, 1995 **War, Power and the Economy** A. González Enciso, 2016-10-04 *War Power and the Economy* contains a comparative history of Great Britain, France and Spain, the three rival empires of the 1700s. It explores how the states prepared for war, what kind of economic means they had, what institutional changes they implemented and how efficient this was. As such, the book presents the first comparative synthesis aiming to understand the outcome of the global confrontation in the eighteenth century. Faced with the challenge of paying for new and more costly wars, some countries found flexible ways to get more money and better supplies, whereas others did not. The development of freer colonial markets, the increase of consumption and its taxation, the problems of venal administration or the different systems of patronage with contractors are some of the factors explaining the divergences that were made clear by 1815. This book explores political and economic dimensions of the eighteenth-century European state in order to explain why and how changes in power as an outcome of war depended upon the available means and the way they were obtained and used. The book takes the idea that making war or preparing for it obliged governments to make important changes in their institutions so that during the eighteenth century the state in many ways formed itself through war efforts. Ultimately, this study aims to show how closely political and military success was entwined with economic interests. This volume is of great interest to those who study economic history, political economy and European history. **Tensiones de Navarra con la administración central 1778-1808**, *Inquisición, regalismo y reformismo borbónico* Marina Torres Arce, 2006-10-01 Estructurada en dos partes, la primera es un estudio institucional y burocrático del tribunal de distrito de

Logro o centrado en el análisis de su organización interna en la segunda se establece la proyección social y política que obtuvo el tribunal en su entorno en el periodo final de su funcionamiento. Todo ello para responder a un doble objetivo: por un lado, aportar nuevos datos a la historiografía inquisitorial del siglo XVIII y por otra, revisar los tópicos en los que ha estado sumida desde el siglo XIX centrándonos en el periodo de 1746 a 1808 durante el cual se produjo el cambio de ideas que la Ilustración y el reformismo borbónico propiciaron y que acarrea la abolición de la Inquisición.

Resilience and Recovery at Royal Courts, 1200-1840 Fabian Persson, Munro Price, Cinzia Recca, 2023-03-20. This book demonstrates the evolution of resilience and recovery as a concept by applying it to a new context that of courts and monarchies. These were remarkably resilient institutions with a strength and malleability that allowed them to bounce back time and again. This volume highlights the different forms of resilience displayed in European courts during the medieval and early modern periods. Drawing on rarely published sources it demonstrates different models of monarchical resilience ranging from the survival of sovereign authority in political crisis to the royal response to pandemic challenges to other strategies for resisting internal or external threats. Resilience and Recovery illustrates how symbolic legitimacy and effective power were strongly intertwined creating a distinct collective memory that shaped the defence of monarchical authority over many centuries.

La Guerra de la Independencia, 1808-1814 Jean René Aymes, 2009. El autor Jean René Aymes realiza un recorrido a través de las guerras de 1793 y de la Independencia relacionando los conflictos franco-españoles anteriores y posteriores. Para ello recopila una selección de sus trabajos más destacados dispersos en libros, actas de coloquios y revistas. Los artículos se estructuran en seis apartados: la guerra de España contra la Convención 1793-1795; la guerra de España vista desde Francia; las palabras como armas arrojadizas contra los invasores; los conflictos ideológicos en la España patriótica; actores y víctimas; ecos e interpretaciones del conflicto.

The Basque Phase of Spain's First Carlist War John F. Coverdale, 2014-07-14. This work explores the background and first two years of the First Carlist War, a conflict that pitted conservative northern peasants against the liberal Madrid government in the largest and most sustained case of armed peasant resistance to modernization in nineteenth-century Europe.
