Keeble,2001-09-17 This collection of fifteen essays by leading scholars examines the extraordinary diversity and richness of the writing produced in response to and as part of the upheaval in the religious political and cultural life of the nation which constituted the English Revolution The turmoil of the civil wars fought out from 1639 to 1651 the shock of the execution of Charles I and the uncertainty of the succeeding period of constitutional experiment were enacted and refigured in writing which both shaped and was shaped by the tumultuous times The various strategies of this battle of the books are explored through essays on the course of events intellectual trends and the publishing industry in discussions of canonical figures such as Milton Marvell Bunyan and Clarendon and in accounts of women s writing and of fictional and non fictional prose A full chronology detailed guides to further reading and a glossary are included **Producing Women's Poetry, 1600-1730**

Gillian Wright,2013-04-18 Producing Women s Poetry is the first specialist study to consider English language poetry by women across the seventeenth and early eighteenth centuries Gillian Wright explores not only the forms and topics favoured by women but also how their verse was enabled and shaped by their textual and biographical circumstances She combines traditional literary and bibliographical approaches to address women s complex use of manuscript and print and their relationships with the male generated genres of the traditional literary canon as well as the role of agents such as scribes publishers and editors in helping to determine how women s poetry was preserved circulated and remembered Wright focuses on key figures in the emerging canon of early modern women s writing Anne Bradstreet Katherine Philips and Anne Finch alongside the work of lesser known poets Anne Southwell and Mary Monck to create a new and compelling account of early modern women s literary history Historical Dictionary of Polish Cinema Marek Haltof,2015-02-02 In 1902 scientist

and inventor Kazimierz Przysinski made the first Polish narrative film *The Return of a Merry Fellow*. Since then the Polish film industry has produced a diverse body of work ranging from patriotic melodramas and epic adaptations of the national literary canon to Yiddish cinema and films portraying the corrupt side of communism. Poland has produced several internationally known films including Andrzej Wajda's war trilogy *A Generation* 1955, *Kanal* 1957 and *Ashes and Diamonds* 1958, Roman Polanski's *Knife in the Water* 1962 and Andrzej Munk's *The Passenger* 1963. Often performing specific political and cultural duties for their nation, Polish filmmakers were well aware of their role as educators, entertainers, social activists and political leaders. This second edition of *Historical Dictionary of Polish Cinema* fills the gap in film scholarship, presenting an extensive factual survey of Polish film. Through a chronology, an introductory essay, appendixes, a bibliography and over 300 cross-referenced dictionary entries on films, directors, actors, producers and film institutions, a balanced picture of the richness of Polish cinema is presented. Readers with professional interest in cinema will welcome this new work, which will enhance senior undergraduate or postgraduate courses in film studies.

Famous Short Stories and Episodes Alexandre Dumas, 1927. Literature and Quest, 2023-07-10. What does the word quest conjure up? A journey in the hope of fulfillment, an exploration of identities, questions the nature of research itself or the darker side of quest in the form of conquest, colonisation and displacement. These are some of the threads taken up and developed in this collection of essays by established and emerging scholars: Germaine Greer, Italo Calvino, Umberto Eco, Serge Doubrovsky, A.S. Byatt, Novalis, Melville, Valéry, Beckett, Stanisław Nievo, Victor Segalen, Sibilla Aleramo, Dacia Maraini, Defoe, Tournier, Coetzee, Sor Juana Inés de la Cruz, Cintio Vitier, Domingo del Monte, Ramón de Palma, Pablo Armando Fernández, Hubert Aquin, Anne Hébert, Homer, Proust, Balzac and Robbe-Grillet provide the literary voices that invite these scholars to embark on their own quests into subjects as diverse as the relationships between texts, authors and readers, the initiatic journey, spirituality and enlightenment, female autobiography and identity, oppression, imperialism and postcolonial discourses, not to mention the history of the quest itself. The result is a rich tapestry of thought provoking insights into the inexhaustible connections between literature and quest.

The Encyclopedia of Christian Literature George Thomas Kurian, James D. Smith III, 2010-04-16. The written word is one of the defining elements of Christian experience. As vigorous in the 1st century as it is in the 21st, Christian literature has had a significant function in history, and teachers and students need to be reminded of this powerful literary legacy. Covering 2,000 years, *The Encyclopedia of Christian Literature* is the first encyclopedia devoted to Christian writers and books. In addition to an overview of the Christian literature, this two-volume set also includes 40 essays on the principal genres of Christian literature and more than 400 biobibliographical essays describing the principal writers and their works. These essays examine the evolution of Christian thought as reflected in the literature of every age. The companion volume also features bibliographies, an index, a timeline of Christian Literature and a list of the greatest Christian authors. The encyclopedia will appeal not only to scholars and Christian evangelicals but students and teachers in seminaries and

theological schools as well as to the growing body of Christian readers and bibliophiles **Shakespeare's Perjured Eye** Joel Fineman, 2023-04-28 Fineman argues that in the sonnets Shakespeare developed an unprecedented poetic persona one that subsequently became the governing model of all literary subjectivity This title is part of UC Press's Voices Revived program which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1986 The Sonnets William Shakespeare, 2006-06-22 The New Cambridge Shakespeare appeals to students worldwide for its up to date scholarship and emphasis on performance The series features line by line commentaries and textual notes on the plays and poems Introductions are regularly refreshed with accounts of new critical stage and screen interpretations For this second edition of The Sonnets Stephen Orgel has written a new introduction to Shakespeare's best loved and most widely read poems In a series of focused readings he probes the sonnets sexual and temperamental ambiguity as well as their complex textual history and explores the difficulties editors face when modernising the spelling punctuation and layout of the 1609 quarto Orgel reminds us that the order in which the sonnets were composed bears no relation to the order in which they appear in the quarto and he warns against reading them biographically This edition retains the text prepared by G Blakemore Evans together with his notes and commentary *Power Play in Latin Love Elegy and its Multiple Forms of Continuity in Ovid's >Metamorphoses* José Manuel Blanco Mayor, 2017-02-20 Conceived as a necessary reconsideration of the pristine elegiac question in Ovid's *Metamorphoses* this book intends to offer an analysis of the function of elegiac discourse within Ovid's magnum opus from the perspective of metapoetics To that end the author undertakes in the first section a close re-reading of some relevant passages of Latin love elegy From a prism that takes into account the characteristically elegiac multivocality the genre reveals itself as an agonistic discourse in which the poet dramatises his metaliterary power relation with the puella who is unveiled as the synthesis of the distinct sub products of his poetic activity Thereupon the author proceeds to scrutinise how elegiac elements are assimilated and transformed as they become integrated within the framework of Ovid's poem of changing forms Far from being a mere stylistic ornament the presence of an elegiac register in many erotic passages tells us about Ovid's stance towards love as a metapoetic trope By reworking elegiac tradition to the point of transforming it into a novum corpus the poet ultimately substantiates the mutability of generic categories **The Tenth Muse** Sir Edwin Arnold, 1895 The Works of Anne Bradstreet Anne Bradstreet, 1967 A collection of poetry and prose by early feminist author Anne Bradstreet written in the seventeenth century after her arrival in the American colonies **The Five Authors of 'Shakespeare's Sonnets'** Henry Telford Stonor Forrest, 1923 *Conspiracy and Virtue* Susan Wiseman, 2006-12-14 What was the relationship between woman and politics in 17th century England Responding to this question this work argues that theoretical exclusion of women from the political sphere shaped their relation to it It is a study

of gender and cultural politics in the century of revolution **American Poetry** David Caplan, 2022 American poetry's two

examples On the present and future of American poetry 1639-1729 Charles Wells Moulton, 1901
