Tercio De Lacar:

Desertores Pedro Corral,2007 Examines the history of the millions of Spaniards who avoided conscription into either faction of the Spanish Civil War or deserted their posts after being sent to battle **Tercio de Lácar** C. Revilla Cebrecos,1975 *The Victorious Counterrevolution* Michael Seidman,2011-02-24 This groundbreaking history of the Spanish Civil War 1936 39 examines for the first time in any language how General Francisco Franco and his Nationalist forces managed state finance and economic production and mobilized support from elites and middle class Spaniards to achieve their eventual victory over Spanish Republicans and the revolutionary left The Spanish Nationalists are exceptional among counter revolutionary movements of the twentieth century Michael Seidman demonstrates because they avoided the inflation and shortages of food and military supplies that stymied not only their Republican adversaries but also their counter revolutionary counterparts the Russian Whites and Chinese Nationalists He documents how Franco's highly repressive and tightly controlled regime produced food for troops and civilians regular pay for soldiers farmers and factory workers and protection of property rights for both large and small landowners These factors combined with the Nationalists pro Catholic and anti Jewish propaganda reinforced solidarity in the Nationalist zone Seidman concludes that unlike the victorious Spanish Nationalists the Russian and Chinese bourgeoisie were weakened by the economic and social upheaval of the two world wars and succumbed in each case to the surging revolutionary left **The Spanish Civil War** Charles J Esdaile,2018-10-10 The Spanish Civil War A Military History takes a new military approach to the conflict that tore Spain apart from 1936 to 1939 In many histories the war has been treated as a primarily political event with the military narrative subsumed into a much broader picture of the Spain of 1936 9 in which the chief themes are revolution and counter revolution While remaining conscious of the politics of the struggle this book looks at the war as above all a military event and as one in whose outbreak specifically military issues particularly the split in the armed forces produced by the long struggle in Morocco 1909 27 were fundamental Across nine chapters that consider the war from beginning to endgame Charles J Esdaile revisits traditional themes from a new perspective deconstructs many epics and puts received ideas to the test as well as introducing readers to foreign language historiography that has previously been largely inaccessible to an anglophone audience In taking this new approach The Spanish Civil War A Military History is essential reading for all students of twentieth century Spain **Riesgo y ventura de los Tercios de Requetés** Luis Fabián Blázquez,1995 **Línea de fuego** Arturo Pérez-Reverte,2020-10-06 PREMIO DE LA CR TICA 2020 UNO DE LOS MEJORES LIBROS DEL A O SEG N EL CULTURAL ESQUIRE EL PERI DICO Y VOZP PULI Julio de 1938 miles de jóvenes combaten en la trágica batalla del Ebro Sus nombres no son los que recuerda la Historia pero cuento les sucedió forma parte de nuestra memoria Ambiciosa y solvente esta obra esquiva maniqueismos y simplificaciones hasta trazar la gran novela a favor de la reconciliación nacional Santos Sanz Villanueva El Cultural Es lo malo de estas guerras Que o yes al enemigo llamar a su madre en el mismo idioma que t

Durante la noche del 24 al 25 de julio de 1938 la XI Brigada Mixta del ejército de la República cruza el río para establecer una cabeza de puente en Castellets del Segre. En las inmediaciones del pueblo medio batallón de infantería un tabor marroquí y una compañía de la Legión defienden la zona. Están a punto de comenzar la batalla del Ebro, la más cruda y sangrienta que se libró nunca en suelo español. Combinando de forma magistral la ficción con datos históricos y testimonios personales, Arturo Pérez Reverte sitúa al lector con sobrecogedor realismo entre quienes voluntarios o a la fuerza lucharon en los frentes de batalla de la Guerra Civil. Sus nombres no son los que recuerda la Historia pero cuánto les sucede resuena en estas páginas con el dramatismo de una memoria que nos pertenece a todos. Esta no es una novela sobre la Guerra Civil sino sobre los hombres y mujeres que combatieron en ella. La historia de los padres y abuelos de numerosos españoles de hoy. La crítica ha dicho que La novela definitiva sobre la Guerra Civil española. Un proyecto literario inmenso, envolvente y pese a la crudeza del relato, poderosamente fascinante por la trascendencia del momento en que nos sumerge Sergio Vila Sanjuán. Culturas de La Vanguardia: Un libro asombroso, durísimo y brillante. Todo está ahí todo en esas páginas escritas con un pulso y una habilidad endiabladas. Un libro para leer para meditar y al que hay que volver. Lanea de fuego es una obra maestra, una catedral literaria y la mejor novela de Arturo Pérez Reverte. Juan Gómez Jurado, El Correo: 680 páginas hipnóticas intensas en emoción y humanidad. Javier Ors, La Razón: Hay mucha más verdad histórica en Lanea de fuego que en la Historia que nos quieren contar los políticos. Julia Navarro: No va a dejar a nadie indiferente. Sabe de lo que habla y ha sabido contarlo. Jesús García Calero, ABC: Una novela de madurez sobre el desconcierto, el desamparo y el miedo. Antonio Lucas, El Mundo: Inmensa, estremecedora e imprescindible. Una novela de hueso y carne viva. Sin grasa. Es un Arturo Pérez Reverte en su más esplendorosa madurez literaria, despojada más todavía que nunca de condicionantes. Antonio Pérez Henares, El Diario de Valladolid: Una novela humana durísima como fue esa guerra, todas las guerras en la que los que pierden son todos y en las que solo ganan unos pocos. Rosa Martínez Esquire, *The People's Army in the Spanish Civil War*. Alexander Clifford, 2020-03-20. The author of Fighting for Spain delivers a military history focused on three major battles: Brunete, Belchite and Teruel. Meticulously researched Historical Novel Society: Why did the Spanish Republic lose the Spanish Civil War and could the Republic have won? These are the key questions Alexander Clifford addresses in this in-depth study of the People's Army and the critical battles of Brunete, Belchite and Teruel. These battles represented the Republic's best chance of military success but after bitter fighting its forces were beaten back. From then on the Republic, facing the superior army of Franco and the Nationalists aided by Germany and Italy, faced inevitable defeat. This tightly focused and perceptive account of the military history of the Republic and its army is fascinating reading. As well as providing a broad overview of the strategy and tactics of the People's Army and its Nationalist opponents, Alexander Clifford quotes vivid eyewitness testimony to give the reader a direct insight into the experience of the frontline soldiers on both sides during these three critical battles. Their recollections reveal to the reader what it was like to fight in the scorching heat of the plains around Brunete in the shattered streets of Belchite still ruined to this day and in the

frozen hills of Teruel **A Violent Peace** Ian Ona Johnson, Robert Clemm, 2025-06-10 World War I destroyed the world that had come before It shattered three empires and fueled new nationalisms and ideologies that threatened to destroy those that remained It left millions in its wake with military training and access to weaponry creating networks of violence that would spread across much of the globe This violence in the interwar period resulted in more deaths than during the Great War most of them outside of Europe While studies of the First and Second World Wars have become more international and interconnected our understanding of the interwar period remains dominated by national narratives A Violent Peace offers a new perspective stretching across four continents and drawing together a multitude of conflicts large and small from the Spanish Civil War to the Welwel Incident in Ethiopia from the small RAF force involved in Somaliland to the hundreds of thousands in the Chinese Nationalist encirclement campaigns from the conflicts surrounding newly formed states in the Polish Soviet War to a settling of much older accounts in South America The themes and patterns from this global era are drawn together in a cohesive analysis including key studies on the utilization of technology the growing importance of ideology and how the Great War shaped the nature of these conflicts A Violent Peace provides a fresh angle on a tumultuous era and challenges readers to reconsider their preconceived ideas about the interwar period *Fighting for Spain*

Alexander Clifford, 2020-08-30 In the English speaking world the Spanish Civil War is perhaps best remembered through the exploits of thousands of foreign volunteers from across the globe who joined the International Brigades a force of communists socialists and others who took their opposition to fascism to extraordinary lengths Their passionate political commitment to Spain s cause and determination in battle placed them among the crack troops of the Republic s People s Army Yet while much has been written about the political social and cultural significance of the brigades and their experience in Spain less has been said about their performance as front line troops It is this military history that Alexander Clifford focuses on in vivid detail in this highly illustrated new study His account tells the story of the brigades as combat units tracing the course of each major battle in which they fought and showing the drastic changes they underwent as the war progressed from an untrained militia in 1936 to the tried and tested shock troops of 1937 to a shadow of their former selves by 1938 after repeated maulings and the introduction of Spanish conscripts to fill their ranks Breve historia de las guerras carlistas Josep Carles Clemente Muñoz, 2011-05-01 El autor como ya he indicado antes aborda Breve Historia de las Guerras Carlistas desde un enfoque algo nuevo en Espa a aunque muy conocido en Europa Este enfoque se le llama Historia Total El S XIX espa ol estuvo marcado por tres guerras civiles que se prolongaron hasta el XX y que bajo una pugna sucesoria escond an la pugna entre el liberalismo y el nacionalismo auton mico y foral La Guerras Carlistas son el hecho m s determinante del S XIX de nuestra historia ya que recorren repartidas en tres enfrentamientos la mayor parte del siglo e incluso se prolongan hasta el XX con la participaci n activa de los carlistas en la Guerra Civil donde lucharon con el ej rcito nacional Breve Historia de las Guerras Carlistas nos ofrecer no s lo una descripc i n del desarrollo de los conflictos en que los
