Edinburgh Companion to Twentieth-Century Philosophies Constantin V. Boundas, 2007-06-19 The Companion is organized into two sections each one of which reflects the developments of the Anglo American Analytic and the Continental European philosophical traditions respectively An appendix presents the main accomplishments of non Western philosophies in the same time frame Each section discusses the main movements and fields of the discipline throughout the century The authors have maintained a balance between the historian s commitment to breadth and accuracy with the commitment of the systematic philosopher to the engaged point of view and to critical reflection The result is a distinctive reference book made up of a series of philosophical studies an invaluable companion to anyone who is searching for a panoramic but also reliable and challenging presentation of the philosophical ideas which shaped the last century

The History of Continental Philosophy Alan D. Schrift, 2013-04-12 From Kant to Kierkegaard from Hegel to Heidegger continental philosophers have indelibly shaped the trajectory of Western thought since the eighteenth century Although much has been written about these monumental thinkers students and scholars lack a definitive guide to the entire scope of the continental tradition The most comprehensive reference work to date this eight volume History of Continental Philosophy will both encapsulate the subject and reorient our understanding of it Beginning with an overview of Kant s philosophy and its initial reception the History traces the evolution of continental philosophy through major figures as well as movements such as existentialism phenomenology hermeneutics and poststructuralism The final volume outlines the current state of the field bringing the work of both historical and modern thinkers to bear on such contemporary topics as feminism globalization and the environment Throughout the volumes examine important philosophical figures and developments in their historical political and cultural contexts The first reference of its kind A History of Continental Philosophy has been written and edited by internationally recognized experts with a commitment to explaining complex thinkers texts and movements in rigorous yet jargon free essays suitable for both undergraduates and seasoned specialists These volumes also elucidate ongoing debates about the

nature of continental and analytic philosophy surveying the distinctive sometimes overlapping characteristics and approaches of each tradition Featuring helpful overviews of major topics and plotting road maps to their underlying contexts A History of Continental Philosophy is destined to be the resource of first and last resort for students and scholars alike

The Edinburgh Encyclopedia of Continental Philosophy Simon Glendinning, 1999 This single volume reference guide covers the most important authors and movements in Continental Philosophy Each section focuses on a school of thought bringing together articles by leading scholars which explore the key thinkers and texts Arranged in chronological order the volume begins with the founding texts of Classical Idealism and concludes with Post structuralism Sections and Section Editors Classical Idealism Philip Stratton Lake Philosophy of Existence Lewis R Gordon Philosophies of Life and Understanding Fiona Hughes Phenomenology Gail Weiss Politics Psychoanalysis and Science Gillian Howie The Frankfurt School and Critical Theory Simon Jarvis Structuralism Jeremy Jennings Post Structuralism John Protevi

Nineteenth-Century Philosophy Alan D. Schrift, Daniel Conway, 2014-09-19 The second half of the 19th Century saw a revolution in both European politics and philosophy Philosophical fervour reflected political fervour Five great critics dominated the European intellectual scene Ludwig Feuerbach Karl Marx Soren Kierkegaard Fyodor Dostoevsky and Friedrich Nietzsche Nineteenth Century Philosophy assesses the response of each of these leading figures to Hegelian philosophy the dominant paradigm of the time to the shifting political landscape of Europe and the United States and also to the emerging critique of modernity itself Both individually and collectively these thinkers succeeded in revolutionizing theology philosophy psychology and politics The period also saw the emergence of new schools of thought and new disciplinary thinking The volume covers the birth of sociology and the social sciences the development of French spiritualism the beginning of American pragmatism the rise of science and mathematics and the maturation of hermeneutics and phenomenology
