Alice A. Bailey

The Egoic Lotus:

The Egoic Lotus Douglas M. Baker, **The Egoic Lotus** Douglas Baker,1977-01 **The Soul: The Quality of Life** Alice A. Bailey,2023-11-01 This compilation from the books of Alice Bailey seeks to increase understanding of the immortal soul addressing many aspects under sixty two headings The creative nature of the Soul On its own plane the soul knows no separation and the factor of synthesis governs all soul relations The soul is occupied not only with the form that the vision of its objective may take but with the quality or the meaning which that vision veils or hides The soul knows the Plan its form outline methods and objective are known Through the use of the creative imagination the soul creates it builds thought forms on the mental plane and objectifies desire on the astral plane It proceeds then to externalise its thought and its desire upon the physical plane through applied force creatively actuated by the imagination of the etheric or vital vehicle Yet because the soul intelligence motivated by love it can within the realised synthesis which governs its activities analyse discriminate and divide The soul likewise aspires to that which is greater than itself and reaches out to the world of divine ideas and thus itself occupies a midway position between the world of ideation and the world of forms This is its difficulty and its opportunity

Esoteric Astrology for the New Age, Vol 1: The Esoteric Foundations Bodo Balsys,2023-09-14 There is a vast amount of esoteric information to further present to the world s disciples In the field of astrology this is especially needed The information here is based upon Alice Bailey s Esoteric Astrology and extends this work with additional esoteric information This is in line with what I have already published in my former books and presents a line of esoteric reasoning that most students of this doctrine have yet to discover These astrological volumes are the foundation for many revelations to come This volume presents the basis to comprehending the vast reaches of this science For enlightened beings astrological knowledge is the lore of the universe and this astrology governs the manifestation of cosmic Law The evolution of humanity is a progression and so also the evolutionary attainment of Hierarchy Hierarchy must move with the times and offer disciples more advanced esoteric lore and their higher scientific verities than was possible before This is one such presentation from the vast store of Hierarchical ken that hopefully many will gain succour from **Treatise on Cosmic Fire** Alice A. Bailey,Djwhal Khul,2012-12-11 This volume deals with the underlying structure of occult teaching for the present era and with those vast cosmic processes reproduced through all areas of life from universe to atom A large section of the book gives a detailed exposition of Solar Fire the Fire of Mind since this is the dominant energy to be understood and controlled during this second solar system A Treatise on Cosmic Fire provides a compact outline of a scheme of cosmology philosophy and psychology and serves as a basic reference and text book *The Rays and The Initiations* Alice A. Bailey,Djwhal Khul,2012-12-01 The first part of this volume contains the Fourteen Rules for Group Initiation an extension of the teachings given in Initiation Human and Solar on the Fourteen Rules for Applicants The second part of the book is concerned with the nine initiations by which the disciple progressively achieves liberation from the various forms of our planetary life The

possibility of group initiation is a development of the present era This volume emphasises the growth of the group idea group service group responsibility **Secrets of the Light** Flora Paul, 2001-08 *Secrets of the Light* Provides the Bible student with fresh insight into the many levels of truth encoded in the Bible Provides the Biblical scholar with an abundance of references on Bible interpretation Provides everyone with an understanding of how light has been used in the Bible as a metaphor to pass wisdom down through generations who have often not understood its deeper meaning In *Secrets of the Light* author Flora E Paul first relates how her own evolution of religious understanding brought greater personal peace and fulfillment She then explores the meaning she has discovered hidden in plain sight within the symbolism used by the Bible She explains how the same profound truths are being provided to us through many different sources *Secrets of the Light* also provides an introduction to Theosophy an ancient blending of science and religion that gained wide attention early this century as the controversial Madame Blavatsky promoted it around the world As one of few books examining Theosophy that is not published by the Theosophical Society it speaks truthfully about differing biblical interpretations within the movement and how they compare with both modern scientific fact and mainstream Christian teachings *Our Spiritual Destiny* Frederick R. Kipp, 2007-10-22 *Our Spiritual Destiny* Manifesting New Bodies discusses the ways that evolutionary forces are continuing to unfold through all gradations of life It explains the purpose of human life as the expansion of Consciousness in matter through ongoing body development We have the choice to fulfill this purpose consciously at an accelerated pace by changing and raising the matter of our bodies to a level of our divine essence Utilizing the capacities of our Higher Selves within an initiatory framework of growth and transmutation we can actively participate in our body development thereby helping to expedite the manifestation of new bodies The following are passages from various chapters in the book From Alignment Clarification Many of the ancient wisdom traditions sacred religious texts and modern day writers have all alluded to some form of physical transcendence life extension or the raising and refinement of the physical body From the past each culture religion or entity has its own interpretation and language of what the stories mean or symbolize and how they apply to the present day I believe that many of these references relate to physical ascension physical body perfection or physical immortality All include the same premise that our bodies are of a nature and essence which enable their transformation From Our Journey into Matter I have come to see all of creation as a work in progress gradually working its way towards fulfillment Through evolutionary forces matter is continually being prepared to express ever higher aspects of Consciousness in our physical life It may not always seem like it but I also believe we are important agents of change for the expansion of consciousness in the world Our immortal human spirit repeatedly reincarnates within humanity with increasing experience to help unfold and expand a higher plan for matter However our main problem with this task is that by taking physical form in matter bodies we cannot remember our divine origins in the inner unseen realms From Remembering Some religious scholars suggest that the essence of all sacred material is somehow buried deep within our being If this is true then helping

us remember must be the intent and purpose of all divinely inspired sacred books spiritual literature and cultural myths in the world Somewhere in our Being or Higher Self we already know the purpose of physical life in matter As evolution progresses and our consciousness expands through time we are incrementally working towards remembering this purpose From Spiritual Orientation and Alignment For most of us the physical demands of our daily lives capture our conscious attention and vital energies This happens gradually within our ritualized patterns and daily activities Through this physical focus and orientation the crystallizing force in matter constructs barriers within our consciousness and bodies that maintain and reinforce this alignment Because of its compelling and coalescing nature our life energies are drained through attachment to the form and routine of our lives As a result we usually feel and believe we have little left over to devote to our spiritual development From Health and New Body Alignment Most people have grown up with a body centered identity Everything about living in the world seems to condition us to identify with this orientation The realities of physical life throughout history have encouraged us to strengthen build up or perfect our natural body in one way or another This alignment has ensured the survival of our species Even today in our modern world we continue to value the attributes of physical strength fitness and vitality as the ultimate experience of a good life From the standpoint of our present bodies and our collective beliefs about them this orientation is helpful and necessary However

Science and the Ageless Wisdom Alice A.

Bailey,2025-04-01 This book contains a structured collection of excerpts from the Alice Bailey writings mainly focussed on science yet also including topics related to philosophy and religion Human knowledge and thinking is evolving all the time Scientists or philosophers of the middle Ages or the time of the Enlightenment could hardly conceive the scientific view of today And who knows what the scientific view of the world will be in a century or even half a century from now
