[The Transmission of Affect](#) Teresa Brennan, 2014-02-15 The idea that one can soak up someone else's depression or anxiety or sense the tension in a room is familiar Indeed phrases that capture this notion abound in the popular vernacular negative energy dumping you could cut the tension with a knife The Transmission of Affect deals with the belief that the emotions and energies of one person or group can be absorbed by or can enter directly into another The ability to borrow or share states of mind once historically and culturally assumed is now pathologized as Teresa Brennan shows in relation to affective transfer in psychiatric clinics and the prevalence of psychogenic illness in contemporary life To neglect the mechanism by which affect is transmitted the author

claims has serious consequences for science and medical research Brennan s theory of affect is based on constant communication between individuals and their physical and social environments Her important book details the relationships among affect energy and new maladies of the soul including attention deficit disorder chronic fatigue syndrome codependency and fibromyalgia The Eighth Deadly Sin Connie Sternberg,1999 **Neruda's Sins** Hernán Loyola,2022-06-01 The polemics Pablo Neruda was involved in from the 1930s on are legendary but not even the ferocity of those attacks would lead one to believe that today a half a century after his death he would still be on trial In this consistent and emphatic book the great Nerudian critic Hernan Loyola addresses Neruda s sins the machista the fableteller the rapist the bad husband the bad father the plagiarist the insolent one the abandoner the Stalinist and the bourgeois Loyola s objective is to review and discuss with the greatest amount of intellectual honesty that he can humanly muster as an admiring literary critic and with deep sympathy for his unforgettable friend the most tenacious and disseminated accusations attributed to Pablo Neruda All told this book is an impressive biographical and poetic interpretation of the most salient aspects of the Nobel Laureate s life **Supreme Court , King Henry the Eighth's Defence of the Seven Sacraments** Henry VIII (King of England),1800
