The Emperors Last Man:

The Emperor's Nightmare Robert A. G. Monks, 2022-03-21 From angry shareholders to concerned chief executives almost everyone knows at a gut level that the present political system is not working This book finds the root cause to be poor corporate governance In the prequel to this book *The Emperor's Nightingale* Robert A G Monks one of the world's foremost shareholder activists had warned corporations against putting short profit ahead of long term value for all stakeholders Few listened and the result was system wide trauma that only bold solutions can heal In *The Emperor's Nightmare* his latest book Monks reveals what can happen when corporate leadership abandons the common good to court and conquer a powerful elite This insightful honest and direct portrayal of corporate governance and the surrounding political system will be of immense value to those interested in corporate governance particularly shareholder and stakeholder advocates and the true corporate leaders who serve them In the end better corporate governance means better democracy This book shows the way

The Emperor's Last Campaign Emilio Ocampo, 2023-08-15 The fascinating story of the breakdown of the Spanish empire in America and the rise of the United States as a world power

The Last Man Mary Shelley, 1996-09-11 Mary Shelley's third published novel *The Last Man* is a disillusioned vision of the end of civilization set in the twenty first century The book offers a sweeping account of war plague love and desolation It is the sort of apocalyptic vision that was widespread at the time though Shelley's treatment of the theme goes beyond the conventional it is extraordinarily interesting and deeply moving If *The Last Man* is in some sense a conventional text of the period it is also intensely personal in its origin Shelley refers in her journal to the last man as her alter ego the last relic of a beloved race my companions extinct before me The novel thus develops out of and contributes to a network of story and idea in which fantasy allusion convention and autobiography are densely interwoven This new version of the first edition 1826 sets out to provide not only a thoroughly annotated text but also contextual materials to help the reader acquire knowledge of the intellectual and literary milieu out of which the novel emerged Appendices include material on the last man as early nineteenth century hero texts from the debate initiated by Malthus in 1798 about the adequacy of food supply to sustain human population various accounts of outbreaks of plague and Shelley's poems representing her feelings after the death of her husband

The Emperor's New Nudity Yuval Kremitzer, 2024-12-10 An analysis of contemporary authoritarianism and the medium in which it flourishes the internet as well as what lies at the complex intersection of authority and technology In recent decades a new style of authoritarian politics has taken hold throughout the liberal democratic world The new authority figures are characterized by obscene transgressive behavior reminiscent of the crowd leader as theorized by Freud only far less transient In *The Emperor's New Nudity* Yuval Kremitzer considers the fraught intersection of authority and technology the internet being the medium that has allowed contemporary authoritarianism to thrive asking foundational questions such as How can we think of the network as a social phenomenon What can social and political phenomena teach

us about the nature of the new technology And how does technology reshape the very fabric of social and political life Technology Kremnitzer writes leads us toward an impersonal and hyperrational world to such an extent that it renders human subjectivity outmoded Authority on the other hand anchors our subjective identifications to certain figures and seems to be hopelessly primitive and irrational What is required then is a dialectics of the primal a study of the way in which what strikes us as essential enters into the dynamics of historical change From this perspective authority and technology can be said to be divided by a common object the unwritten law and the special knowledge that pertains to it a knowledge without knowers

Abrams Nina Baym Frederick Crews Ihab Hassan David Lehman Richard Levin Paisley

Livingston Saul Morson and John Searle Assembled at The University of Alabama for the 1992 symposium from which this book takes its title these scholars were charged with the task of examining the truth value methodology practice and humanistic status of poststructuralist theories and with speculating on what their conclusions portend for the future of theory Some of the deficiencies uncovered in the emperor s apparel include the failure of poststructuralist theory to answer to the complexities of literary experience its tendency to be self ratifying its betrayal of the feminist achievement its conflation of style and logic its attempt to impose apocalyptic finalities on history s open endedness and its ignorance of much in current language philosophy The writings of Jacques Derrida in particular come in for skeptical scrutiny by Abrams Livingston and Searle The book concludes with a lively panel discussion in which the audience joins the fray
