

End of the First World War (1914 – 1918)

The End Of War

Steve Ratzlaff

The End Of War:

No End to War Walter Laqueur, 2004-07-30 Describes the latest events and trends in terrorism against the United States

The End of the Cold War Michael J. Hogan, 1992-06-26 This book first published in 1992 examines the end of the Cold War and the implications for the history and future of the world order

The End of War John Horgan, 2012 Argues that war is caused by cultural beliefs rather than a genetic disposition and that peace is a choice that human beings can make presenting true accounts of both concepts throughout history and possible solutions to the problem

Exiting war Romain Fathi, Margaret Hutchison, Andrekos Varnava, Michael Walsh, 2022-01-18 Exiting war explores a particular 1918-20 moment in the British Empire's history between the First World War's armistices of 1918 and the peace treaties of 1919 and 1920 That moment we argue was a challenging and transformative time for the Empire While British authorities successfully answered some of the post war tests they faced such as demobilisation repatriation and fighting the widespread effects of the Spanish flu the racial social political and economic hallmarks of their imperialism set the scene for a wide range of expressions of loyalties and disloyalties and anticolonial movements The book documents and conceptualises this 1918-20 moment and its characteristics as a crucial three year period of transformation for and within the Empire examining these years for the significant shifts in the imperial relationship that occurred and as laying the foundation for later change in the imperial system

The War That Will End War H.G. Wells, 2021-01-01 The War That Will End War by H G Wells In this thought provoking essay H G Wells confronts the devastating realities of World War I and explores the idea of using the conflict as a catalyst to end all future wars The War That Will End War presents Wells vision for a world order based on international cooperation and disarmament urging for lasting peace and global harmony

Key Aspects of the Book The War That Will End War World War I Analysis Wells essay offers a critical analysis of the causes and consequences of World War I reflecting on its profound impact on humanity Peace and Disarmament The book advocates for the pursuit of peace through collective efforts and the dismantling of militarism Humanitarian Ideals The War That Will End War reflects Wells humanitarian ideals and his belief in the potential for humanity to build a better future H G Wells was an English writer born in 1866 renowned for his contributions to science fiction and social commentary He wrote prolifically on various subjects including war and peace envisioning a world united by knowledge and empathy Wells works continue to inspire readers and provoke contemplation on the course of human history

The War That Will End War (The original unabridged edition) H. G. Wells, 2023-12-29 In The War That Will End War H G Wells presents a prescient and incisive exploration of the global conflicts that defined the early 20th century particularly World War I Written in 1914 this unabridged edition retains Wells characteristic blend of speculative fiction and social commentary engaging readers in discussions about the futility of war and the ideal of lasting peace Wells employs a mix of impassioned rhetoric and analytical observation challenging his contemporaries to rethink their assumptions about militarism and the potential for a unified world order His prophetic vision

reflects the disillusionment felt by many in the face of modern warfare encapsulating the zeitgeist of a society on the brink of transformative change H G Wells often referred to as the father of science fiction was deeply influenced by his own experiences and the tumultuous socio political landscape of his time His career spanned debates about socialism technology and the human condition all of which colored his vision of the world s future Wells advocated for international cooperation and disarmament events which shaped his narrative in this compelling and thought provoking text *The War That Will End War* remains strikingly relevant today offering insightful reflections on the nature of conflict and the enduring quest for peace This book is essential reading for those interested in history political science and literature as it not only illuminates the past but also provokes critical discussions about the future of humanity

Ending the U.S. War in Iraq Richard R. Jr. Brennan, Charles P. Ries, Larry Hanauer, Ben Connable, Terrence K. Kelly, 2013-11-05 Ending the U S war in Iraq required redeploying 100 000 military and civilian personnel handing off responsibility for 431 activities to the Iraqi government U S embassy USCENTCOM or other U S government entities and moving or transferring ownership of over a million pieces of property in accordance with U S and Iraqi laws national policy and DoD requirements This book examines the planning and execution of this transition

7 Steps to End War & Save the Planet Steve Ratzlaff, 2008-04-17 A pacifists timely and passionate manifesto addressing the issue of global warming Utopia as Ratzlaff explains is not some unattainable oasis but rather a world without war and with a balanced global habitat that can sustain future generations Rank and file Americans need to be able to comprehend what global warming is all about the author writes in order to grasp what will happen if we fail to take immediate steps to combat it The book is not a scientific treatise bogged down with academic language but rather a pacifists simple approach to solving one of the worlds most difficult dilemmas Employing a minimum of hard data to explore melting ice caps rising sea levels changing weather patterns and ocean currents Ratzlaff effectively illustrates the cause and effect relationship between human activity and the planets well being While Al Gore answered the hows and whys of global warming in *An Inconvenient Truth* Ratzlaff illustrates the imminent need for vast governmental and political changes and he explains the consequences of ignoring the obvious threat to our planet The author states that one of the biggest problems with the current approach to global warming is the tendency of advocates to ignore the significant role of population growth Additionally at the roots of global warming lay nationalism religious wars and the military industrial complex Ratzlaff outright blames governments and corporations for the current situation After demonstrating the various successes of the United Nations in heading off global conflicts the author concludes that the UN is the only organization capable of becoming a fully empowered international governing body Yet handcuffed by its current structure it can do nothing more than cast environmental resolutions that are often ignored Unlike other books that attempt to tackle major global issues rather than pointing out the problems and offering no solutions Ratzlaff rounds out each of the seven steps with definitive alternatives in his *If I Were President* summaries A thorough yet easy to comprehend take on global warming

KIRKUS REVIEWS The Future of War in Its Technical, Economic, and Political Relations Jan Bloch, 1899 Feminist Solutions for Ending War Megan MacKenzie, Nicole Wegner, 2021-11-20 War is a man's game or so goes the saying Whether this is true or not patriarchal capitalism is certainly one of the driving forces behind war in the modern era So can we end war with feminism This book argues that this is possible and is in fact already happening Each chapter provides a solution to war using innovative examples of how feminist and queer theory and practice inform pacifist treaties movements and methods from the international to the domestic spheres The contributors propose a range of solutions that include arms abolition centring Indigenous knowledge economic restructuring and transforming how we count civilian deaths Ending war requires challenging complex structures but the solutions found in this edition have risen to this challenge By thinking beyond the violence of the capitalist patriarchy this book makes the powerful case that the possibility of life without war is real

The Enigmatic Realm of **The End Of War**: Unleashing the Language is Inner Magic
