The Ends Of Power:

The Ends of Power Harry R. Haldeman, 1978

The Power at the End of the Economy Brian Massumi, 2015-02-02

Rational self interest is often seen as being at the heart of liberal economic theory In *The Power at the End of the Economy* Brian Massumi provides an alternative explanation arguing that neoliberalism is grounded in complex interactions between the rational and the emotional Offering a new theory of political economy that refuses the liberal prioritization of individual choice Massumi emphasizes the means through which an individual's affective tendencies resonate with those of others on infra individual and transindividual levels This nonconscious dimension of social and political events plays out in ways that defy the traditional equation between affect and the irrational Massumi uses the Arab Spring and the Occupy Movement as examples to show how transformative action that exceeds self interest takes place Drawing from David Hume Michel Foucault Gilles Deleuze Niklas Luhmann and the field of nonconsciousness studies Massumi urges a rethinking of the relationship between rational choice and affect arguing for a reassessment of the role of sympathy in political and economic affairs

The End of White World Supremacy Malcolm X, 2020-02-11 The classic collection of major speeches now bundled with an audio download of Malcolm X delivering two of them Malcolm X remains a touchstone figure for black America and in American culture at large He gave African Americans not only their consciousness but their history dignity and a new pride No single individual can claim more important responsibility for a social and historical leap forward such as the one sparked in America in the sixties When in 1965 Malcolm X was gunned down on the stage of a Harlem theater America lost one of its most dynamic political thinkers Yet as Michael Eric Dyson has observed he remains relevant because he spoke presciently to the issues that matter today black identity the politics of black rage the expression of black dissent the politics of black power and the importance of consolidating varieties of expressions within black communities different ideologies and politics and bringing them together under a banner of functional solidarity *The End of White World Supremacy* contains four major speeches by Malcolm X including *Black Man's History* *The Black Revolution* *The Old Negro and the New Negro* and the famous *The Chickens Are Coming Home to Roost* speech *God's Judgment of White America* delivered after the assassination of John F Kennedy Several of the speeches include a discussion with the moderator among whom Adam Clayton Powell or a question and answer with the audience This new edition bundles with the book an audio download of Malcolm's stirring delivery of *Black Man's History* in Harlem's Temple No 7 and *The Black Revolution* in the Abyssinian Baptist Church

The end of the Balance of Power Policy Ruben Ygua, 2025-05-21 We have complicated the study of the past by giving greater importance to nationalist religious and moral opinions and interests relegating historical fact to a secondary role subordinating it to the interests of the system that controls our education We cannot accept this manipulation it is our duty to free ourselves from these false cultural truths out of respect for our ancestors After many years studying history I have come to the conclusion that the best way to understand the past is through an impartial and objective chronology that places each

event in its exact place in time and reveals history without manipulation or half truths Chronologies have always been a secondary complement to traditional study methods but in my books they constitute the center of the narrative a comprehensive reference work that runs year by year as far as possible from prehistory to the present For those who prefer a more detailed study I have organized a second chronology covering day by day from 1789 to 1946 divided into four

Levy,2006-07-30 In a political climate where the machinery of the federal government has grown increasingly complex The Power to Legislate offers a comprehensive and in depth analysis of the extent and limitations of legislative power granted by the U S Constitution By examining the historical development of the Constitution as well as judicial precedent set by the Supreme Court Richard E Levy develops a systematic account of federal legislative power that is ideal for anyone interested in constitutional history and political science Levy focuses his investigation on three distinct yet related aspects of federal legislative power the necessary and proper clause of Article I the delegation of powers to the various federal institutions and the deliberative powers of Congress to conduct investigations and interrogations The Power to Legislate synthesizes these three crucial ideas into a fresh perspective that sheds light on today s controversies [The Pursuit of Belief - Christian Classics Collection](#) Johann Wolfgang von Goethe,Martin Luther,Henryk Sienkiewicz,Dante Alighieri,Henry Van Dyke,David Hume,James Allen,Ralph Waldo Emerson,Andrew Murray,John Bunyan,Grace Livingston Hill,Thomas Paine,Voltaire,Lew Wallace,John Milton,Charles M.
