The Economic Growth Debate An Assessment:

The Economic Growth Debate Edward J. Mishan, 1977-01-01 Economic Growth and the Environment Sander M. de Bruyn, 2012-12-06 Is economic growth good for the environment A number of economists have claimed that economic growth can benefit the environment recruiting political support and finance for environmental policy measures This view has received increasing support since the early 1990s from empirical evidence that has challenged the traditional environmentalist s belief that economic growth degrades the environment This book reviews the theoretical and empirical literature on growth and the environment giving an in depth empirical treatment of the relationship between the two Various hypotheses are formulated and tested for a number of indicators of environmental pressure The test results indicate that alternative models and estimation methods should be used altering previous conclusions about the effect of economic growth on the environment and offering an insight into the forces driving emission reduction in developed countries **Economics, Growth and Sustainable Environments** David Collard, David W. Pearce, David Ulph, 1988-01-26 This volume brings together leading economists in the UK to address the issue of the sustainable use of the natural environment The result is a set of original essays which reappraise the no growth debate investigate the new environmental ethic being built on the concept of sustainable development look at the way in which projects with major environmental consequences should be evaluated and ask how future generations are to be represented in economic evaluation **Development Issues of Our Time** Rameshwar Prasad Misra, 1985 **Economic Efficiency and Social Welfare (Routledge Revivals)** E. Mishan, 2013-05-13 First published in 1981 Professor Mishan s *Economic Efficiency and Social Welfare Selected Essays on Fundamental Aspects of the Economic Theory of Social Welfare* is a collection of 22 pioneering essays written while the author was teaching at the London School of Economics and chosen to indicate landmarks in the development of his own thought Professor Mishan who also enjoys an international reputation as a popular writer on the impact of modern economic growth on social welfare is among the foremost authorities in the field of resource allocation and his influence in his subject area has been profound Mishan s essays while generally accessible to the layman due to the author s lucidity his economy in the use of mathematical notation and his concern with perspective are invaluable reading for the economics undergraduate The essays are particularly relevant to upper level students of project appraisal welfare economics and cost benefit analysis requiring a coherent survey of their field of study Bulletin of the United States Bureau of Labor Statistics United States. Bureau of Labor Statistics, 1980 Conflict Resolution Through Non-violence: Development without destruction K. D. Gangrade, Rameshwar Prasad Misra, 1990 *The Environmental Divide* R. C. Das, 1998 *Handbook of Environmental and Resource Economics* Jeroen C. J. M. students Introduction to Political Economy (Routledge Revivals) E. Mishan, 2013-05-13 First published in 1982

Introduction to Political Economy is a clear and concise introduction to the normative aspects of economics by one of the world's leading authorities on the subject. In this highly readable book Professor Mishan takes the student to the heart of the subject without recourse to algebra and with only the simplest of diagrams. The author carefully distinguishes the various meanings of the terms political economy, normative economics, welfare economics, and allocative economics. He considers the standard allocation rules and the crucial concepts of consumer surplus and rent, which are so important to cost-benefit analysis, while then going on to resolve the paradoxes of the efficiency criterion. Lastly, Professor Mishan assesses both the social worth of radical conservatism, which is associated with the Chicago School of Economics, and the relevance of the modern theory of welfare economics to social welfare.
