The Effortless Economy Of Science Science And Cu:

The Effortless Economy of Science? Philip Mirowski, 2004 A compilation of essays by the author that reveals the value for science studies of examples arising within the history of economics *The Effortless Economy of Science?* Philip Mirowski, 2004 A leading scholar of the history and philosophy of economic thought Philip Mirowski argues that there has been a top to bottom transformation in how scientific research is organized and funded in Western countries over the past two decades and that these changes necessitate a reexamination of the ways that science and economics interact Mirowski insists on the need to bring together the insights of economics science studies and the philosophy of science in order to understand how and why particular research programs get stabilized through interdisciplinary appropriation controlled attributions of error and funding restrictions Mirowski contends that neoclassical economists have persistently presumed and advanced an effortless economy of science a misleading model of a self sufficient and conceptually self referential social structure that transcends market operations in pursuit of absolute truth In the stunning essays collected here he presents a radical critique of the ways that neoclassical economics is used to support explain and legitimate the current social practices underlying the funding and selection of successful science projects He questions a host of theories including the portraits of science put forth by Karl Popper Michael Polanyi and Thomas Kuhn Among the many topics he examines are the social stabilization of quantitative measurement the repressed history of econometrics and the social construction of the laws of supply and demand and their putative opposite the gift economy In *The Effortless Economy of Science* Mirowski moves beyond grand abstractions about science truth and democracy in order to begin to talk about the way science is lived and practiced today **Popular Science** ,1955-03 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Popular Science ,1939-02 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Popular Science ,1978-01 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Popular Science** ,1955-05 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better Popular Science ,1983-06 Popular Science gives our readers the information and tools to improve their technology and their world The core belief that Popular Science and our readers share The future is going to be better and science and technology are the driving forces that will help make it better **Popular Science** ,1955-04 Popular Science
