A Comparative Study ... With Introductions by Thirteen Leading Authorities** Selwyn Gurney CHAMPION, 1944 **The Sterling Book of Selections from the QUR'AN** O.P Ghai, 2011-05 The Qur'an is one of the most widely read books in the world For more than fourteen hundred years the Qur'an has remained one of the major sources of inspiration for a good life for millions across the seven continents The Selections from the Qur'an rendered by Mr Ghai into clear intelligible English is a bold and creative attempt to bring to the attention of the common people the essence and wide range of the teachings of the Qur'an It would undoubtedly be a source of knowledge enlightenment and inspiration It would promote a better understanding of Islam and of the message that Muhammad conveyed to all mankind Rasheeduddin Khan To the ever growing number of English speaking readers looking for a volume which will tell them the essential message of the Qur'an in one sitting I cannot commend a book as readily as the present one S A Ali former Director Institute of Islamic Studies Hamdard University *The Eleven Religions and Their Proverbial Lore* Selwyn G. Champion, 1985-05 *The Invention of World Religions* Tomoko Masuzawa, 2024-05-31 The idea of world religions expresses a vague commitment to multiculturalism Not merely a descriptive concept world religions is actually a particular ethos a pluralist ideology a logic of classification and a form of knowledge that has shaped the study of religion and infiltrated ordinary language In this ambitious study Tomoko Masuzawa examines the emergence of world religions in modern European thought Devoting particular attention to the relation between the comparative study of language and the nascent science of religion she demonstrates how new classifications of language and race caused Buddhism and Islam to gain special significance as these religions came to be seen in opposing terms Aryan on one hand and Semitic on the other Masuzawa also explores the complex relation of world religions to Protestant theology from the hierarchical ordering of religions typical of the Christian supremacists of the nineteenth century to the aspirations of early twentieth century theologian Ernst Troeltsch who embraced the pluralist logic of world religions and by so doing sought to reclaim the universalist destiny of European modernity *Rufus Jones (1863-1948)* Claus Bernet, 2009 Rufus Jones 1863 1948 helped organize the Quakerspeisung Quaker feeding effort saving millions from starvation after the First World War In Germany he is best known for having travelled to Berlin to seek a personal meeting with Hitler after the Kristallnacht in 1938 And at the conclusion of a long life devoted to service it was largely due to Jones that the American Friends Service Committee was

awarded the Nobel Peace Prize in 1947 But Jones was also the quintessential American scholar seeking to harmonize theory and practice He was a pivotal figure of the 20th century who stayed in close touch with authors and statesmen the world over He earned a reputation as a modern mystic and an active pacifist and was regarded as the moral conscience of his era His scholarship encompassed education and pedagogy philosophical questions church and Quaker history as well as the political issues of the day Jones dealt with such issues as justice democracy and child rearing His ideas are still alive today and still arouse controversy He was particularly anxious to avoid the cultivation of an elite pleading instead for individual growth and personality development Over the course of his life he was awarded twelve academic titles taught at numerous universities delivered countless lectures and was one of the first theologians to recognise the significance of radio and to make full use of it To this day Rufus Jones is still honored as a seer Protestant mystic and even as a Master Quaker and Quaker Giant It is time also to take a critical look at these honors
