Happy at last; or Sigh no more Ladies; a comedy [in five acts and in prose]. Henry Summersett,1805 *The Oriental Herald and Colonial Review* ,1827 **The Oriental Herald and Journal of General Literature** ,1827 House of Commons - Health Committee: After Francis: Making A Difference - HC 657 Great Britain: Parliament: House of Commons: Health Committee,2013-09-18 The NHS needs to be an organization in which an open dialogue about care quality is part of the natural culture of the organization not a duty which only arises in cases of service failure Robert Francis made 290 recommendations in his report but in truth they boil down to just one that the culture of doing the system s business is pervasive in parts of the NHS and has to change Many who raise their concerns in the NHS at present risk serious consequences for their employment and professional status But disciplinary procedures professional conduct hearings and employment tribunals are not the proper place for honestly held concerns about patient safety and care quality to be aired constructively The NHS standard contract imposes a duty of candour on all NHS providers This is an essential principle but it is not adequately understood or applied It should mean that all providers create a culture which is routinely open both with their patients and their commissioners The same principle should apply to commissioners so that they are routinely open and

accountable to local communities The Health Committee recommended this approach in 2011 and repeats that now It should be a prime role of the CQC to encourage the development of this culture within care providers and of NHS England to develop the same culture within commissioners The Health Committee will in future work closely with the Professional Standards Authority to develop the accountability process for professional regulators in healthcare

An EU Competition Court Great Britain: Parliament: House of Lords: European Union Committee,2007-04-23 Large cross border mergers have to be cleared in advance by the EC Commission If the Commission prohibits a merger or a third party objects to the clearance the decision can be challenged in the Court of First Instance CFI However the CFI procedure can take several months thereby prolonging uncertainty and sometimes causing bids to be abandoned This is unsatisfactory and the CBI has proposed a new Competition Court as the way forward This report looks at this proposal and concludes that such a court would not be the best way forward Instead there is scope for improving current procedures by firmer case management reducing the work load of the CFI by transferring trade mark cases and improving the Commission s handling of cases to reduce the number and scope of challenges
