**and the Novel** Andrew Gibson, 2002-01-04 In *Postmodernity Ethics and the Novel* Andrew Gibson sets out to demonstrate that postmodern theory has actually made possible an ethical discourse around fiction Each chapter elaborates and discusses a particular aspect of Levinas thought and raises questions for that thought and its bearing on the novel It also contains detailed analyses of particular texts Part of the book's originality is its concentration on a range of modernist and postmodern novels which have seldom if ever served as the basis for a larger ethical theory of fiction *Postmodernity Ethics and the Novel* discusses among others the writings of Joseph Conrad Henry James Jane Austen Samuel Beckett Marcel Proust and Salman Rushdie **Themes in Modern African History and Culture** Lars Berge, Irma Taddia, 2013 The Self, Relational

Sociology, and Morality in Practice Owen Abbott, 2019-10-21 Winner of the 2020 British Sociological Association Philip Abrams Prize Providing a theory of moral practice for a contemporary sociological audience Owen Abbott shows that morality is a relational practice achieved by people in their everyday lives He moves beyond old dualisms society versus the individual social structure versus agency body versus mind to offer a sociologically rigorous and coherent theory of the relational constitution of the self and moral practice which is both shared and yet enacted from an individualized perspective In so doing *The Self Relational Sociology and Morality in Practice* not only offers an urgently needed account of moral practice and its integral role in the emergence of the self but also examines morality itself within and through social relations and practices Abbott's conclusions will be of interest to social scientists and philosophers of morality those working with pragmatic and interactionist approaches and those involved with relational sociology and social theory **The Historical Development of Fundamental Moral Theology in the United States** Charles E. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating

Grossberg, Janice Radway, 2005-08-08 First published in 1994 Routledge is an imprint of Taylor Francis an informa company

**Gender and Citizenship** Birte Siim, 2000-09-07 Feminist analysis shows that the prevailing concepts of citizenship often assume a male citizen How then does this affect the agency and participation of women in modern democracies This insightful book first published in 2000 presents a systematic comparison of the links between women's social rights and democratic citizenship in three different citizenship models republican citizenship in France liberal citizenship in Britain and social citizenship in Denmark Birte Siim argues that France still suffers from the contradictions of pro natalist policy and that Britain is only just starting to re conceptualise the male breadwinner model that is still a dominant feature In her examination of the dual breadwinner model in Denmark Siim presents research about Scandinavian social policy and makes an important and timely contribution to debates in political sociology social policy and gender studies      *The Radical Critique of Liberalism* Toulia Nicolacopoulos, 2008 There are many books about liberalism but no defence of radical critique that treats liberal theory with the depth breadth and intensity of this work Rigorously examining Rawls Waldron Larmore and Kymlicka the book demonstrates that an adequate appreciation of the deep structural flaws of liberal theory presupposes the application of a critical philosophical methodology that has the power to reveal the systemic interconnections within and between the varieties of liberal inquiring practices
