Skeptics Search For God Convincing Evidence For His Existence:

A Skeptic's Search for God Ralph O. Muncaster, 2002 Muncaster shares his fascinating journey from churchgoing childhood to atheism to the search that led him to Christ He reveals the hard questions he asked and the evidence he found in support of God's existence A **Answering the Objections of Atheists, Agnostics, and Skeptics** Rhodes, Ron, Creation Research Society Quarterly Creation Research Society, 2004 Skepticism: The Case against Christianity? John G. Weldon, 2023-04-11 An examination of skepticism and one of its principal complaints against God the Bible and Christianity Despite the best efforts of the most skilled skeptics for 20 centuries the case against Christianity has never been made Alleged moral dilemmas often cited by skeptics as proof the Bible could not be divinely inspired have critical information left out **Books In Print 2004-2005** Ed Bowker Staff, Staff Bowker, Ed, 2004 **Forthcoming Books** Rose Army, 2001 **Introducing Christianity to Mormons** Eric Johnson, 2022-09-13 Share Jesus with Your LDS Friends and Family One of our greatest challenges as Christians is sharing the truth with those who believe they've already found it When witnessing to current or former members of The Church of Jesus Christ of Latter-day Saints it's essential that you can compassionately delineate biblical teachings from Mormon doctrine while tactfully advocating for Christ For every believer who prays for loved ones in the LDS Church or loved ones who gave up on religion after leaving Mormonism Introducing Christianity to Mormons is the guidebook you need to witness to them Inside you'll find real life conversations that give you helpful ideas for what to say in your discussions contrast points between Mormonism and Christianity that illuminate God's truth biblical apologetics that allow you to minister to former LDS members wounded by their experience with the Church Get ready to present the case for Christianity with confidence and grace This book will empower you to share your faith and give you the language to do so effectively with people in the Mormon community **The Humane Perspective** John Cottingham, 2024-07-03 The book brings together fourteen essays from the work of John Cottingham on moral philosophy and the philosophy of religion spanning the past fifteen years The papers are closely related in so far as they all deal with the perennial moral and spiritual challenges of human existence and the search for meaning and value in human life As well as being thematically linked they also share a common style and methodology illustrating the distinctive goal that has increasingly informed the author's work in recent years that of promoting a more humane conception of philosophizing While in no way discarding the technical tools of the professional philosopher such as abstract argumentation and analysis whose value and importance are unquestionable this approach is notable for drawing on the full range of resources available to the human mind including those that depend on literary artistic poetic imaginative aesthetic and emotional modes of awareness In contrast to the model of the philosopher as a kind of detached scrutineer the essays exemplify the belief that there is a distinctive and valuable kind of philosophical understanding that requires a more involved and engaged stance The philosophical questions dealt in the volume all fall broadly within the familiar domains of moral philosophy and the

philosophy of religion but the reflections offered on these areas of human thought and practice always aim to be sensitive to how morality and religion actually operate in the lives of the human beings involved *Does God Really Exist? ministry to men. Both men have collaborated to provide irrefutable answers and explanations in a simple easy to understand straightforward way providing new unexpected and intriguing perspectives to which you likely may have never given any thought. Many of these will be surprising and often startling to anyone whether skeptic agnostic or atheist. The book is also intended to be a reference source for the layperson as well as those with formal theological or philosophical education. Although this book is intended to address these questions for the benefit of the nonbeliever it also is intended to prepare the believer to help answer such questions and solidify their faith. If one is intellectually honest with oneself the explanations in this book should be overwhelmingly compelling and absolutely convincing. If they are not one must ask the question Why

Bible Code Bombshell R. Edwin Sherman, 2005 Explosive evidence that Bible codes point to the life of Christ. When Ed Sherman a mathematician with 30 years of experience and Nathan Jacobi an Israeli physicist set out to debunk claims that there were mysterious codes in the Hebrew Old Testament they could not have envisioned the startling conclusions they would reach. As Dr Jacobi an agnostic Jew looked for lengthy Hebrew codes about Christ repeatedly he discovered compelling excerpts from the life of the man from Nazareth. Time and again Dr Jacobi found that one or two word codes were actually part of much longer encoded sentences that echoed the Gospel accounts. Moreover these encoded sentences were extensively embedded in two passages most widely regarded as prophecies of the crucifixion of Christ Isaiah 53 and Psalms 22. Bible Code Bombshell sets forth startling new evidence that code sequences in Scripture are irrefutable evidence of a Divine hand. In this highly readable book Sherman offers both skeptics and believers a gold mine of information that will prompt much thinking about the origins of the Bible. Unlike other Bible code books this unique book features codes that are phrases and sentences and not just one or two word codes. The only code book by researchers that are internationally recognized mathematicians and statistical experts. Responds directly and accurately to Bible code critics. The Independent, 1890
