Spirit And Place:

The Spirit of Place Loren Cruden,1995-09 All of Earth's life is interconnected and sacred. An awareness of that sacred relationship opens a direct path to spiritual understanding. These powerful techniques join mind, will, spirit, and intuition to the plants, animals, and minerals sharing our world, aligning the practitioner in a deeper relationship with life's sacred matrix.

The Spirit of Place, and Other Essays Alice Meynell,2019-12-05 In *The Spirit of Place and Other Essays* Alice Meynell offers readers a meditative exploration of the interplay between human experience and the profound essence of landscapes. Through a blend of lyrical prose and sharp observation, Meynell reflects on how different geographical locales shape human identity and emotion. Each essay invites readers to consider the spiritual and aesthetic dimensions of nature, positioning Meynell's work within the broader context of late 19th-century English literature where nature and the self are often intertwined. Her distinctive style, characterized by rich imagery and introspective insights, elevates each location to a vessel of memory and emotion, drawing connections between the physical world and the inner life of humanity. Alice Meynell, a prominent poet, essayist, and an ardent advocate for women's rights, drew upon her own experiences of displacement and connection to place in creating this collection. Having lived in various locales throughout her life, including the countryside and bustling cities, Meynell developed a deep appreciation for the nuances inherent in our interactions with our surroundings. Her literary contributions, marked by a keen sense of observation and an empathetic perspective, reflect her belief in the vital relationship between humans and their environments. *The Spirit of Place and Other Essays* is a profound invitation for readers to engage with the world around them through a philosophical lens. It is recommended for those who appreciate poems in prose form as well as anyone seeking to deepen their understanding of the intricate relationship between identity and location. Meynell's essays resonate with timeless truths, making this collection an essential read for lovers of literature, nature, and introspection.

Place and Spirit in Taiwan Alessandro Dell'Orto,2003-08-29 Based on field work in Taiwan, this book examines the ancient indigenous religious cult of Tudi Gong both as a religious social phenomenon and as an appropriate medium for exploring and analysing the social changes that have been occurring in contemporary Taiwan and the people's strategic adaptations to these changes. In this comprehensive ethnography of Tudi Gong, Dell'Orto engages in a theoretical discussion of the practices, processes, and strategies of ethnography and ethnographic writing and contributes to the construction of an anthropology of place by analysing a number of key concepts related to the notion of place and space. The study combines the use of personal ethnography with raconteurs' own accounts as a way of tracing senses of place and memories of the past. This is a pioneering foundation text for an anthropology of non-domestic place and space and brings the most important recent work of social geographers into the field of anthropology.

Place, Nature and Spirit - A Lake District Experience Nigel Hammett,2012-05-01 This book uses some of the poetry of William Wordsworth to examine the changed aesthetic of landscape at the heart of the Romantic Era. Wordsworth was the greatest figure of the English Lake District and

his work looked forward to the conservationist and environmental movement of the modern era [The Spirit of the Place](#) Samuel Shem,2012-12-04 From the bestselling author of the *The House of God* comes an ambitious novel about the complicated relationships between mothers and sons doctors and patients the past and the present and love and death Settled into a relationship with an Italian yoga instructor and working in Europe Dr Orville Rose's peace is shaken by his mother's death On his return to Columbia a Hudson River town of quirky people and plagued by breakage he learns that his mother has willed him a large sum of money her 1981 Chrysler and her Victorian house in the center of town There's one odd catch he must live in her house for one year and thirteen days As he struggles with his decision to stay and meet the terms of the will or return to his life in Italy Orville reconnects with family reunites with former friends and comes to terms with old rivals and bitter memories In the process he'll discover his own history as well as his mother's and finally learn what it really means to be a healer and to be healed **Searching for the Holy Spirit** Anne Claar Thomasson-Rosingh,2015-05-08 Is the doctrine of the Holy Spirit in Christian theology good news or bad news for women Is the Holy Spirit in traditional Christian doctrine the guardian of the status quo or does it offer the dynamic possibility for change How do the gifts of the Spirit ecstatic and relational inform feminist thinking of the Christian God Opinions on these key questions vary wildly but are often formulated without coherent theological argument Feminist theology has a history of questioning God the Father and God the Son this study begins the theological questioning of God the Holy Spirit *Searching for the Holy Spirit* brings feminist pneumatology into discussion with more traditional doctrine of the Spirit notably the very significant early Christian treatise by Basil of Caesarea *De Spiritu Sancto* The results offer exciting new possibilities for both theology and the place of women in the church *Receiver, Bearer, and Giver of God's Spirit* Leopoldo A. Sanchez,2015-03-27 What difference does the Spirit make in the life of Jesus and in our lives Answering that question without doing away with the divine dignity of Christ has been a challenge in the distant and recent past But this need not be the case The current work is a contribution to the growing field of Spirit Christology which seeks to enrich the classic Logos Christology of the ecumenical Councils with a Spirit oriented trajectory Sanchez tests the productivity of a Spirit Christology as a theological lens for assessing the main events of Jesus' life and mission accounts of the atonement the significance of the incarnation the concepts of person and relation and models of the Trinity Seeing Christ as the privileged locus of the Spirit also has implications for the church's life in the Spirit Sanchez shows how a Spirit Christology fosters Christian practices such as proclamation prayer and sanctification Among the highlights of this work the reader will note the author's assessment of early church fathers' readings of the place of the Spirit in the anointing of Jesus a constructive proposal towards the complementarity of Logos and Spirit Christologies ecumenical engagement with various theological traditions in the East and the West and the first constructive assessment of the field informed by the Lutheran tradition *How the Spirit Became God* Kyle R. Hughes,2020-04-16 In *How the Spirit Became God* Kyle Hughes tells the often neglected story of how and why the early church came to recognize

that the Holy Spirit was a distinct divine person While the subject of Christ s divinity is a popular topic in church and academy alike the notion of the Spirit s divinity remains a mysterious yet intriguing question for many Christians today Focusing on major pneumatological innovations from Pentecost through the Council of Constantinople in 381 Hughes examines how biblical interpretation and the lived experience of the Spirit contributed to the development of this important and yet often overlooked aspect of trinitarian theology This important contribution not only explains from a historical yet accessible perspective the development of early Christian pneumatology but also challenges readers to apply these insights from the church fathers to engaging with the person of the Holy Spirit today *Some further observations concerning the place, and manner, and time of burial* Joseph Bingham,1878 **The National Geographical Journal of India** ,1995
