Spirit And Community:

The Spirit of Community Amitai Etzioni, 1993 The founder of the Communitarian movement which has attracted the attention of Al Gore Jack Kemp Daniel Patrick Moynihan and Lester Thurow says that America needs to move from me to we Former White House advisor Etzioni shows how Americans can work to rebuild the family cultivate tolerance encourage character education in schools and strengthen communities lustrated **Becoming a True Spiritual Community** Larry Crabb, 2007-07-08 In today s frenetic society people rarely develop intimate friendships Instead they spend their lives essentially disconnected from others rushing through life content with brief visits and casual conversations But what if one were to develop a community a spiritual community of people who walked with and supported each other through life s journey A community of real friends who listened to each other s personal tragedies without merely trying to fix the problems who encouraged and nurtured each other s strengths and who accepted people for who they really are instead of the image they try to portray In *Becoming a True Spiritual Community* formerly titled *The Safest Place on Earth* Larry Crabb explores such a place where God can heal disconnected people and allow them to reconnect with each other and ultimately with Him

Paul Tillich's Theological Legacy Frederick J. Parrella, 1995 *Spirit, Expression and Community in the Philosophy of Edith Stein* Michaela Sobrak-Seaton, 2025-02-28 This book examines and elucidates the concept of spirit in Stein s philosophical work particularly the role it plays in her philosophical anthropology and her understanding of intersubjectivity and community Although she draws from and synthesizes the ideas of thinkers such as Husserl Dilthey and Conrad Martius Stein s approach is distinctive and uniquely suited to comprehensively addressing these topics and questions Despite the significance of the notion of spirit however very little Stein scholarship focuses directly on examining it and there has never been an attempt to trace its development over the whole of Stein s corpus This book fills this lacuna by undertaking a comprehensive study of Stein s understanding of spirit The author argues that the key to understanding Stein s notion of spirit is to understand it as expressive and in so doing to recognize expression as a fundamental characteristic of the human person This view of the person as expressive provides an understanding of the person as an embodied being that lives in the world and shares it with other embodied beings but in this very living and sharing moves beyond the material bounds of embodiment and constitutes the world as a world of meaning and value The notion of expression is not only crucial to making sense of Stein s own account of spirit but furthermore provides a way of understanding the person as inextricably bound up in community without compromising the individual In going out toward others in spiritual expression one not only forms community with the other one also becomes more oneself Thus Stein s understanding of spirit as fundamentally expressive helps make sense of what it means to be an individual human being and what it means to be a part of the human community This volume appeals to students and scholars working in phenomenology *Church, Community and Power* Dr Roy Kearsley, 2013-05-28 In the era of post Christendom how can church as a sociological reality be switched on to the

destructive dangers yet constructive possibilities of power flowing in and around its community Attuned to the current distrust of church power this book creatively works out responses that could turn painful censure into a re visioning of church power relations helped by neglected critical studies The approach exposes a complexity to power and filters that insight into a theology of church The book shows how lessons are available for a religious community from post modern philosopher Michel Foucault and from recent feminism The topic of power has universal importance in the study of religion though the response to analysis and critique in this book is drawn specifically from Christian sources Kearsley concludes with an exploration for a future renovated self critical authentic and growing community sensitive to power while remaining in line with classic Christianity

Urban Indigenous Youth Reframing Two-Spirit Marie Laing, 2021-03-15 This book offers insights from young trans queer and two spirit Indigenous people in Toronto who examine the breadth and depth of meanings that two spirit holds Tracing the refusals and desires of these youth and their communities Urban Indigenous Youth Reframing Two Spirit expands critical conversations on queerness Indigeneity and community and simultaneously troubles the idea that articulating a definition of two spirit is a worthwhile undertaking Beyond the expansion of these conversations this book also seeks to empower community members educators and young people both Indigenous and non Indigenous to better support the self determination of trans queer and two spirit Indigenous youth By including a research zine and community discussion guidelines Laing demonstrates the possibility of powerful change that comes from Indigenous people creating spaces to share knowledge with one another
