Spirituality and Self-Esteem Leona Evans, Leona Evans Stefanko, Carol Keefer, 2000-05-01 **Spirituality Without Sin and Salvation** Walter Kania Ph.D., 2015-07-21 The decline and fall of old time religion is finally a reality in the U S According to the Pew Research Center results of May 12 2015 the number of Americans who dont affiliate with a particular religion has grown to 56 Million Nones are the 2nd largest faith group in the U S There is a new emerging consciousness of Spirituality It is sometimes described as a search for the sacred It can also be the substance of ones inner journey in relation to the Source from which all things come The tired and worn mantra of traditional Protestant evangelical fundamentalist and Roman Catholic Christian theology called Sin and Salvation theology has served the goals of power and control for the Church for centuries It was a favorite tool of both political and ecclesiastical groups Other religions also make use of dogma and authoritarian notions like sin and salvation in their efforts to exercise control and maintain power over human behavior The Jesus of the Christian religion was not the blood sacrifice of some malicious and sadistic God as portrayed by Mel Gibson in his movie The Passion of the Christ If you have bought into the regressive and punitive lair of the Sin and Salvation paradigm you are in the clutches of an unhealthy religion The field of psychology provides you with a positive and healthy means of escape from the mind control destructive concepts of a failed theology and a failed and fraudulent psychology of mankind The new paradigm of healthy religion shatters the shackles of the old time and present day religious hucksters This new path and new paradigm will provide you with a breath of fresh air that is long overdue **The Emerald Handbook of Wellbeing in Higher Education** Keith D. Walker, Benjamin Kutsyruba, 2024-07-17 Scholars from around the globe discuss initiatives practices and structures that can provide a positive outlook and flourishing in higher learning and offer lessons from efforts to promote positive emotional and social aspects for students leaders and faculty *The Enduring Authority of the Christian Scriptures* D. Psychotherapy Richard H. York, 2009-06-01 This book describes a method of therapy based upon the Christian spirituality and psychotherapy perspective developed by Dr Richard York This clinical theology perspective is a phenomenological approach that integrates spiritual theological and psychological concepts and was developed in large part through York's own experience of being relieved of depression and anxiety through interweaving of psychotherapy prayer and meditation spiritual direction and the relationship with his Indwelling Spirit Because human beings are the products of relationships York critiques approaches to psychology premised upon the subject object epistemology of empirical science that study human behavior He suggests instead that a relational ontology research method offers an approach superior to that of standard psychotherapy and uses experience in relationship as the fundamental concept in this clinical theology Because people are prone to hurt themselves and others York also argues that standard approaches to psychology need to develop a psychology of sin and evil including some form of a Higher Power as essential parts of the spiritual aspect of psychotherapy York critiques Christian theologians for developing theology that seldom uses empirical data and that is irrelevant to the process of helping people heal and grow He criticizes those pastoral ministers who moralize with people instead of listening to them as well as those who preach more about sin and suffering than God's presence and saving grace through the forgiveness of sins While he acknowledges that most of his perspective is not new York does offer a unique contribution to the field of psychotherapy through the concept of the Indwelling Spirit He describes how the Indwelling Spirit works in psychotherapy and the various techniques to access it He further argues that his experience as a gay psychologist is an essential aspect of his method because in being healed through his experience with his Indwelling Spirit he was able to define this experience for use in psychotherapy an insight used by very few straight therapists York challenges the notion of how a gay man who worships God regularly found healing through a relationship with Christ in the Holy Spirit of God and developed the concept of the Indwelling Spirit for psychotherapy could be considered objectively disordered and intrinsically evil by the Roman Catholic Magisterium Furthermore York describes a new principle of moral theology for sexual relationships based on love rather than procreation and suggests seven research hypotheses to study the phenomenon of the Indwelling Spirit and the love that is exhibited in both same sex and opposite sex relationships **4th/Dimension ,**
