Spirituality In Recovery A 12 Step Approach:

Spirituality in Recovery Paul Barton Doyle, 1993 *Identification and Treatment of Alcohol Dependency* Professor Colin R. Martin, 2008 Colin Martin has brought together an excellent set of contributors to produce a truly comprehensive text that will ensure all interested professionals can not only update their knowledge but also better understand each other's roles and how best to help patients and clients through shared working to achieve a common goal of better health. This book is not just for people who see themselves as having a primary role in the field but also for those teachers, the police and family members who live daily with its effects. Professor Dame Betty Kershaw, University of Sheffield, UK. Alcohol dependency represents an enduring problem for both the individual and wider society. Despite contemporary media coverage on increasingly dangerous levels of drinking in the United Kingdom, the fact remains that excessive alcohol consumption has been a distinguishing feature of Western society for generations. This book is arranged by a number of themed parts, largely representing the key areas in the process of facilitating access to effective clinical management. The book will also be of interest to the wider public who have an interest or concern in relation to alcohol dependency. Contents include: Part 1 Identification; Part 2 Medical interventions; Part 3 Psychological interventions; Part 4 Contemporary issues in the identification and treatment of alcohol dependency; Part 5 Clients with complex needs; Part 6 Reproductive and developmental concerns.

Spirituality in Mental Health Practice Miriam Jaffe, Widian Nicola, Jerry Floersch, Jeffrey Longhofer, 2020-06-04 This key text presents an accessible and diverse exploration of spirituality in mental health practice, broadening the definition of spirituality to comprise a variety of transcendent experiences. Chapters include a brief history of the tensions of spirituality in mental health practice and consider a range of emerging topics from spirituality among the elderly and energy work, Reiki, to spirituality in addiction, recovery, incarceration and hospice work. The book offers a close examination of the limits of the medical model of care, making a case for a more spiritually sensitive practice. Rich case examples are woven throughout and the book is paired with podcasts that can be applied across chapters, illuminating the narrative stories and building active listening and teaching skills. Suitable for students of social work and counseling at master's level as well as practicing clinicians. *Spirituality in Mental Health Practice* is an essential text for widening our understanding of how spiritual frameworks can enrich mental health practice.
