## **Temple Of Jesus His Sacrificial Program Within A Cultural History Of Sacrifice:**

The Temple of Jesus Bruce Chilton, 1992 The first study to develop a theory of sacrifice and then apply it to the sources of early Judaism as well as Jesus's activity Ritual sacrifice was one of the greatest concerns and most widely shared activities among Jews prior to the destruction of the Temple in Jerusalem There is therefore a pressing need for systematic understanding of sacrifice both as an element of Judaic religion and a context for Jesus's activity The Temple of Jesus provides a theoretical model of sacrifice and develops that model to analyze classic texts from the Hebrew Scriptures and the Jewish War of Josephus and it argues that Jesus can only be appreciated as driven by a program to enact his own conception of Israel's purity in sacrifice in order to occasion the disclosure of God's kingdom Chilton contends that sacrifice is construed as a fundamentally social pre-civilized activity involving pragmata as defined as pure an emotional affect for participants and an ideology according to which sacrifice occasions a change of life in the community thus rejecting current anthropological studies that attempt to explain sacrifice genetically He shows that texts from Ezekiel Leviticus and Deuteronomy share a conviction that the covenant with Israel ensures the validity of sacrifice even as they define purity in various ways and emphasize differing affects of sacrifice Finally Chilton provides a new approach to Jesus comparing and contrasting his occupation of the Temple with the cultic activities of prominent Pharisees of his period Sacred Violence in Early America

Susan Juster, 2016-04-20 Susan Juster explores different forms of sacred violence blood sacrifice holy war malediction and iconoclasm to uncover how European traditions of ritual violence developed during the Reformation were introduced and ultimately transformed in the New World Discovering Girard Michael Kirwan, 2005-08-25 Really wonderful an elegantly written initiation into the mimetic theory I am lucky to have interpreters who understand what I want to say and who can write so well Ren Girard The work of Ren Girard is hugely influential in literature and cultural studies But it is in understanding the relationship between religion and violence that his theory has created its greatest impact Girard's understanding of mimetic rivalry and conflict and of scapegoating is seen by many to be the key to a completely new understanding of Christianity Girard's name evokes curiosity and often strong feelings among devotees and skeptics Discovering Girard is the first book to present Girard's work to a wider audience It explains and appraises Girard's mimetic theory shows its impact on theology and other disciplines and manages to convey the excitement that a discovery of Girard's ideas often generates in readers The Quest for Context and Meaning Talmon, Craig A. Evans, 2021-11-15 This collection of studies is published in honor of Professor James A Sanders a leading scholar in the fields of the canon of Scripture textual criticism and the relationship of the two Testaments Contributors include leading scholars in these and related fields of study The studies investigate in what ways the early sacred tradition was interpreted and how this tradition takes new shape in the Jewish and Christian communities of faith Included are studies of Jesus understanding of Scripture Paul's interpretation of Scripture and the ways in which Scripture was interpreted by the Rabbis In many instances novel interpretations and new

approaches to old problems are offered Advanced students and veteran scholars will enjoy the many insights and provocative new ideas      God in Early Christian Thought Andrew McGowan,Brian Daley,Timothy Gaden,2009-05-31 While the diversity of early Christian thought and practice is now generally assumed and the experiences and beliefs of Christians beyond the works of great theologians increasingly valued the question of God is perennial and fundamental These essays individually modest in scope seek to address that largest of questions using particular issues and problems or single thinkers and distinct texts They include studies of doctrine and theology as traditionally conceived but also of understandings of God among the early Christians that emerge from study of liturgy art and asceticism and in relation to the social order and to nature itself

**Engaging the Doctrine of Jesus (and Mary)** Matthew Levering, 2025-03-10 The six chapters of this book focus upon Jesus conception and birth from a virgin his authoritative teaching his miracles his cross his resurrection and his ascension The purpose of the book is to articulate and defend the truth of these salvific mysteries as presented to us in Scripture In addition to conversing extensively with historical critical biblical scholarship the chapters make recourse to the theological tradition from the church fathers onward with Thomas Aquinas as a touchstone Levering seeks to make a case for believing in Jesus At the same time he shows how each of these mysteries is intimately linked with a truth about Mary the Mother of Jesus thus arguing for the integral relationship of Christology and Mariology Mary enacts the reception of the Lord by God s faithful people the New Adam never chooses to be without the New Eve in God s new covenant family The Christology offered in this book is therefore both attuned to historical studies of Jesus and Second Temple Judaism and at the same time deeply traditional in a contemporary Catholic and ecumenical way *The Background and Content of Paul's Cultic Atonement Metaphors* Stephen Finlan, 2004

*Reading Ritual* Wesley J. Bergen,2005-05-05 This book draws on a variety of disciplines to undertake a unique analysis of Leviticus 1 7 Rather than studying the rituals prescribed in Leviticus as arcane historical theological texts of little interest to the modern reader or as examples of primitive rituals that have no parallel in Western society this book provides many points of contact between animal sacrifice rituals and various parts of post modern society Modern rituals such as Monday Night Football eating fast food sending sons and daughters off to war and even the rituals of modern academia are contrasted with the text of Leviticus In addition responses to Leviticus among modern African Christians and in the early church are used to draw out further understandings of how the language and practice of sacrifice still shapes the lives of people This study takes a consciously Christian perspective on Leviticus Leviticus is assumed to be an ongoing part of the Christian Bible The usual Christian response to Leviticus is to ignore it or to claim that all sacrifice has now been superseded by the sacrifice of Jesus This study refutes those simplistic assertions and attempts to reassert the place of Leviticus as a source for Christian self understanding This is volume 417 of JSOTS and volume 9 of Playing the Texts **Dictionary of New Testament**

**Background** CRAIG A EVANS,STANLEY E PORTER,2020-05-21 The Dictionary of New Testament Background joins the Dictionary of Jesus and the Gospels the Dictionary of Paul and his Letters and the Dictionary of the Later New Testament and its Developments as the fourth in a landmark series of reference works on the Bible In a time when our knowledge of the

**Jesus and Purity Halakhah** Thomas Kazen, 2021-12-03 This study traces Jesus attitude to impurity within the historical context at the end of the Second Temple period when practices of ritual purity came to play an increasing role in Jewish society and an expansionist trend gained in influence and support The traditional focus on sayings material and criteria of authenticity in historical Jesus research is modified narrative traditions with implicit purity issues are appealed to and extra canonical traditions are included The main areas examined are the most important fathers of impurity leprosy skin diseases genital discharges and corpse contamination Jesus is found to have acted in ways that could have been understood by some of his contemporaries as indifference to these types of impurity His behaviour is shown on several points to clash with current purity halakhah and dominant expansionist ideals In an attempt to interpret his actions within the Jewish context and culture of the Second Temple period three explanatory models are provided Jesus attitude can be seen as part of a moral trajectory in Judaism It can be understood as a response to a regional Galilean dilemma It can be viewed in a power perspective as an expression of Jesus eschatological struggle against demonic evil The result is that Jesus may be understood as operating within the purity paradigm of his time yet seemingly indifferent in the eyes of some pushing it to the breaking point Such a reconstruction makes subsequent developments intelligible in which various Christian currents drew conflicting conclusions Those looking to Jesus behaviour for some sort of guidance today may perhaps find contemporary analogies

*"Non-canonical" Religious Texts in Early Judaism and Early Christianity* Lee Martin McDonald, James H. Charlesworth, 2012-03-29 This volume draws attention to ancient religious texts especially the so called non canonical texts by focusing on how they were used or functioned in Early Judaism and Early Christianity The contributors are biblical scholars who have chosen one or more Jewish or Christian

apocryphal or pseudepigraphical texts with the aim of describing their ancient functions in their emerging social settings. These show the fluidity of the notion of scripture in the early centuries of the Church and in Judaism of late antiquity but they also show the value of examining the ancient religious texts that were not included in the Jewish or Christian biblical canons. These chapters show that there is much that can be learned from examining and comparing these texts with canonical literature and evaluating them in their social context. No ancient text was created in a vacuum and the non canonical writings aid in our interpretation not only of many canonical writings but also shed considerable light on the context of both early Judaism and early Christianity.

**Bloodless Atonement?** Benjamin J. Burkholder, 2017-06-27. Does the Messiah have to die to pay for his people's sins? Is the cross of Jesus an atoning sacrifice? In recent decades a burgeoning number of theologians have answered the aforementioned questions in the negative. In fact some like Rene Girard have gone so far as to assert that seeing the cross as an atoning sacrifice undermines the very essence of the New Testament Gospels. While Girard and others following in a similar vein have offered provocative alterations to soteriology that no longer need Jesus's death to acquire forgiveness from God, does a bloodless atonement have biblical support? Does a nonviolent understanding of the atonement harmonize with the Gospels? This particular volume answers these questions with a fresh look at the Synoptic portraits of the Last Supper accounts. In them Jesus expounds upon the significance of his death by using the Passover symbols of bread and wine. More importantly in these passages in the Gospels we find the fullest articulation of how Jesus's death benefits his followers. Holding a wealth of dense theological riches, these passages provide theological parameters that can inform contemporary soteriological development, especially that which appeals to the New Testament for its basis. Conversant with both biblical studies and contemporary theology, the work seeks to bring the best of both fields into conversation in productive new ways.
