Underworld Gods in Ancient Greek Religion Ellie Mackin Roberts,2020-02-24 This volume presents a case for how and why people in archaic and classical Greece worshipped Underworld gods These gods are often portrayed as malevolent and transgressive giving an impression that ancient worshippers derived little or no benefit from developing ongoing relationships with them In this book the first book length study that focuses on Underworld gods as an integral part of the religious landscape of the period Mackin Roberts challenges this view and shows that Underworld gods are in many cases approached and befriended in the same way as any other kind of god Underworld Gods in Ancient Greek Religion provides a fascinating insight into the worship of these deities and will be of interest to anyone working on ancient Greek religion and cult
