**Forced Migration and Global Processes** Francois Crepeau, Delphine Nakache, Michael Collyer, Nathaniel H. Goetz, Art Hansen, 2006-03-28 Migration is at the center of much of the discussion on globalization Migrants move across borders and thus defy state centered traditions Migration is often caused or influenced by aspects of global change the transformation of the world economy with the expansion of free trade the modification of the world balance of power and the challenge of global insecurity the emergence of the global environment as an important political issue and the redefinition of the role of communities in shaping identities when faced with networks of migrants and diasporas Forced Migration and Global Processes considers the crossroads of forced migration with three global trends development human rights and security This expert collection studies these complex interactions and aims to help determine what solutions may alleviate most of the human suffering involved in forced migrations

Embedded Racism Debito Arudou, 2021-11-26 Despite domestic constitutional provisions and international treaty promises Japan has no law against racial discrimination

Consequently businesses around Japan display Japanese Only signs denying entry to all foreigners on sight Employers and landlords routinely refuse jobs and apartments to foreign applicants Japanese police racially profile foreign looking bystanders for invasive questioning on the street Legislators administrators and pundits portray foreigners as a national security threat and call for their segregation and expulsion Nevertheless Japan's government and media claim there is no discrimination by race in Japan therefore no laws are necessary How does Japan resolve the cognitive dissonance of racial discrimination being unconstitutional yet not illegal Embedded Racism untangles Japan's complex narrative on race Starting with case studies of hundreds of Japanese Only exclusionary businesses it carefully analyzes the social construction of Japanese identity through laws public policy jurisprudence and media messages It reveals how the concept of a Japanese has been racialized to the point where one must look Japanese to have equal civil and human rights in Japan Completely revised and updated for this Second Edition including landmark events like the 2020 Tokyo Olympics the Covid Pandemic and the Carlos Ghosn Case Embedded Racism is the product of three decades of research and fieldwork by a scholar living in Japan as a naturalized Japanese citizen It offers a perspective into how Japan's entrenched misunderstood and deliberately overlooked racial discrimination not only undermines Japan's economic future but also emboldens white supremacists worldwide who see Japan as their template ethnostate Immigration and Citizenship in Japan Erin Aeran

Chung,2010-03-31 Japan is currently the only advanced industrial democracy with a fourth generation immigrant problem As other industrialized countries face the challenges of incorporating post war immigrants Japan continues to struggle with the incorporation of pre war immigrants and their descendants Whereas others have focused on international norms domestic institutions and recent immigration this book argues that contemporary immigration and citizenship politics in Japan reflect the strategic interaction between state efforts to control immigration and grassroots movements by multi generational Korean resident activists to gain rights and recognition specifically as permanently settled foreign residents of Japan Based on in depth interviews and fieldwork conducted in Tokyo Kawasaki and Osaka this book aims to further our understanding of democratic inclusion in Japan by analyzing how those who are formally excluded from the political process voice their interests and what factors contribute to the effective representation of those interests in public debate and policy Local Citizenship in Recent Countries of Immigration Takeyuki Tsuda,2006-01-01 Since the late 1980s Japan has been experiencing significant levels of immigration primarily from Asian and Latin American countries due to severe domestic labor shortages Local Citizenship in Recent Countries of Immigration examines the various dimensions of local citizenship in Japan with comparative studies from South Korea Italy and Spain **Encyclopedia of Race, Ethnicity, and Society** Richard T. Schaefer,2008-03-20 This encyclopedia offers a comprehensive look at the roles race and ethnicity play in society and in our daily lives Over 100 racial and ethnic groups are described with additional thematic essays offering insight into broad topics that cut across group boundaries and which impact on society **U.S. Immigration Policy and the National Interest**

### **Language and Citizenship in Japan**

Nanette Gottlieb,2012-12-12 The relationship between language and citizenship in Japan has traditionally been regarded as a fixed tripartite Japanese citizenship means Japanese ethnicity which in turn means Japanese as one's first language Historically most non Japanese who have chosen to take out citizenship have been members of the oldcomer Chinese and Korean communities born and raised in Japan But this is changing the last three decades have seen an influx of newcomer economic migrants from a wide range of countries many of whom choose to stay The likelihood that they will apply for citizenship to access the benefits it confers means that citizenship and ethnicity can no longer be assumed to be synonyms in Japan This is an important change for national discourse on cohesive communities This book's chapters discuss discourses educational practices and local linguistic practices which call into question the accepted view of the language citizenship nexus in lived contexts of both existing Japanese citizens and potential future citizens Through an examination of key themes relating both to newcomers and to an older group of citizens whose language practices have been shaped by historical forces these essays highlight the fluid relationship of language and citizenship in the Japanese context

*Citizens, Strangers, And In-betweens* Peter Schuck,2018-03-09 Immigration is one of the critical issues of our time In *Citizens Strangers and In Between*s an integrated series of fourteen essays Yale professor Peter Schuck analyzes the complex social forces that have been unleashed by

unprecedented legal and illegal migration to the United States forces that are reshaping American society in countless ways Schuck first presents the demographic political economic legal and cultural contexts in which these transformations are occurring He then shows how the courts Congress and the states are responding to the tensions created by recent immigration Next he explores the nature of American citizenship challenging traditional ways of defining the national community and analyzing the controversial topics of citizenship for illegal alien children the devaluation and revaluation of American citizenship and plural citizenship In a concluding section Schuck focuses on four vital and explosive policy issues immigration s effects on the civil rights movement the cultural differences among various American ethnic groups as revealed in their experiences as immigrants throughout the world the protection of refugees fleeing persecution and immigration s effects on American society in recent years

From Migrants to Citizens T. Alexander Aleinikoff, Douglas Klusmeyer, 2013-01-25 Citizenship policies are changing rapidly in the face of global migration trends and the inevitable ethnic and racial diversity that follows The debates are fierce What should the requirements of citizenship be How can multi ethnic states forge a collective identity around a common set of values beliefs and practices What are appropriate criteria for admission and rights and duties of citizens This book includes nine case studies that investigate immigration and citizenship in Australia the Baltic States Canada the European Union Israel Mexico Russia South Africa and the United States This complete collection of essays scrutinizes the concrete rules and policies by which states administer citizenship and highlights similarities and differences in their policies From Migrants to Citizens the only comprehensive guide to citizenship policies in these liberal democratic and emerging states will be an invaluable reference for scholars in law political science and citizenship theory Policymakers and government officials involved in managing citizenship policy in the United States and abroad will find this an excellent accessible overview of the critical dilemmas that multi ethnic societies face as a result of migration and global interdependencies at the end of the twentieth century

Legislated Inequality Patti Tamara Lenard, Christine Straehle, 2012-09-01 Historically Canada has adopted immigration policies focused on admitting migrants who were expected to become citizens A dramatic shift has occurred in recent years as the number of temporary labourers admitted to Canada has increased substantially Legislated Inequality critically evaluates this radical development in Canadian immigration arguing that it threatens to undermine Canada s success as an immigrant nation Assessing each of the four major temporary labour migration programs in Canada contributors from a range of disciplines including comparative political science philosophy and sociology show how temporary migrants are posed to occupy a permanent yet marginal status in society and argue that Canada s temporary labour policy must undergo fundamental changes in order to support Canada s long held immigration goals The difficult working conditions faced by migrant workers as well as the economic and social dangers of relying on temporary migration to relieve labour shortages are described in detail Legislated Inequality provides an essential critical analysis of the failings of temporary labour migration programs in Canada and proposes

**Transnational Trajectories in East Asia** Yasemin Nuhoğlu Soysal, 2014-11-20 In recent decades East Asia has become increasingly interconnected through trade investment migration and popular culture at regional and global levels At the same time the region has seen renewed national assertiveness and nationalist impulses The book interrogates these seemingly contradictory developments as they bear on the transformations of the nation and citizenship in East Asia Conventionally studies on East Asia juxtapose these developments focusing on the much exercised dichotomy of the national and transnational In contrast this book suggests a different orientation First it moves beyond the simplistic view that demarcates the transnational as the West Second it does not view the national and transnational as distinct or contradictory spheres of influence and analysis but rather focuses on the interactions between the two with a view on how these interactions work to transform the ideals and practices of the good nation good society and good citizen The chapters cover a broad range of empirical research education science immigration multicultural policy human rights gender and youth orientations art and food flows politics of values and regional identity which highlight the ways in which the nation is reconfigured and the relationship between the citizen and national collective is redefined in relation to transnational dynamics and frameworks Transnational Trajectories in East Asia provides a new perspective on and original analysis of transnational processes bringing a fresh understanding to developments of the nation and citizenship in the region It will be of great interest to students and scholars of transnationalization and globalization comparative citizenship migration and multiculturalism and Asian politics society and regionalism

**Japan's Diversity Dilemmas** Soomim Lee, Stephen Murphy-Shigematsu, Harumi Benu, 2006 Japan's Diversity Dilemmas Ethnicity Citizenship and Education reveals how Japanese society is now in the midst of dramatic transformation brought on by demographic change and globalization Foreigners are coming to Japan and many more will come in the near future to meet the demands of an economy that needs workers to compensate for an extremely low birth rate The ramifications of this influx of foreigners into a society that has based its identity on a mythical ethnic purity are enormous This book examines the effects of globalization on both new and older ethnic communities It shows the ways in which minorities in particular Koreans are changing their

conceptions and practices regarding nationality It explores issues of human rights and emerging conceptions of citizenship in Japan It also looks at how forces of globalization are affecting the state ideology of homogeneity and how a new image of diversity and multiculturalism is slowly developing Several authors focus their attention on implications for education in citizenship education ethnic education and international education Japan's Diversity Dilemmas is not just about minorities but addresses issues of diversity that impact Japan as a nation in three areas ethnicity citizenship and education As the population diversifies the linking of ethnicity and citizenship is being challenged and education is a battleground where these struggles occur This collection of papers by an interdisciplinary group of authors helps readers to understand Japan's evolving conceptions of the nation and its attempts to balance tensions of unity and diversity Japan's Diversity Dilemmas looks at precisely the kind of issues that need examination and discussion as Japan stands on the cusp of potentially huge demographic and social changes This collection of studies will enrich and inform classroom and public discourse and those who follow these issues will find this book essential Sharon Noguchi San Jose Mercury News and former Fulbright Fellow University of Tokyo

**Postcolonial Citizens and Ethnic Migration** Michael O. Sharpe, 2014-01-21 This book provides a cross regional investigation of the role of citizenship and ethnicity in migration political incorporation and political transnationalism in the age of globalization exploring the political realities of Dutch Antilleans in the Netherlands and Latin American Nikkeijin in Japan

**The Demographic Transformations of Citizenship** Heli Askola, 2016-09-15 The Demographic Transformations of Citizenship examines how attempts by contemporary states to govern demographic anxieties are shaping ideas about citizenship both as a boundary maintaining mechanism and as an ideal of equal membership These anxieties while most often centred upon immigration also stem from other demographic changes unfolding in contemporary states most notably the long standing trend towards lower birth rates and consequent population ageing With attention to such topics as control over borders national identity gender roles family life and changing stages of life Askola examines the impact of demographic changes including but not limited to immigration Drawing from a variety of disciplines including law demography and sociology this book discusses how efforts to manage demographic anxieties are profoundly altering ideas about citizenship and belonging

**Migration, Citizenship and Identity** Stephen Castles, 2017-06-30 Stephen Castles provides a deeper understanding of recent migration crises in this fascinating and highly topical work The book links theory and methodology to real world migration experiences with a truly global perspective and in depth analysis of the links between economics migration and asylum and refugee issues

*(Un)Settled Sojourners in Cities* Elizabeth Chacko, Marie Price, 2023-02-28 Temporary migration is a human response to uncertain economic ecological political and socio cultural environments This book provides an important contribution to the literature on the rights lived experiences and trajectories of temporary migrants It focuses on the precarity of temporary migrants at different scales in urban settings varying from the household institution and neighbourhood to the city Temporary migrants experience

oscillations in precarity that vary with their categorization as skilled professionals with valued skill sets international students or unskilled domestic workers labourers their ambiguous legal status and the locales in which they reside and work Individual chapters use case studies from around the world USA Canada Ireland Turkey Singapore China to show how temporal and scalar precarity intersect and are mediated by national and local policies civil society as well as the personal and social attributes of migrants themselves such as gender race and country of origin Although often overlooked due to their transitory status the chapters demonstrate how temporary migrants are embedded in urban life and resist their categorization as disposable through individual and collective efforts This book will be of interest to researchers and advanced students of Sociology Politics Human Geography Urban Studies and Social and Cultural Anthropology It was originally published as a special issue of the Journal of Ethnic and Migration Studies
