Jake Sage owns and runs a Cyber Security firm that serves to protect data. In many ways, his means are almost as unscrupulous as the hackers he goes after, and he makes no pretense that he is in it for the money. While he is a man of the future, he is also a throwback as Jake is a rugged outdoorsman that in many ways wants to return to a more simple time. In this time, there are powerful groups that seek to control all the data and thus control the world. Jake and his team are confronted with just such an attempt, and he must decide what the right course to follow is.
