Ten Dancers Holly Brubach, 1982 To the large and devoted American ballet audience of the 1980s the names of these ten dancers are among the most magical stars at the peak of their fame Dance photographer Pierre Petitjean has captured in 200 poetic and candid pictures the real people behind their theatrical presences Petitjean is mesmerized by the dance in the same way that Degas was and his lens can make one see dance as the painter's brush could His fascination is with the totality of dance its many facets both away from the footlights and in performance He has traveled with these dancers for months at a time in Europe and in the United States to see them at home and far from home in class and in rehearsal in the electric final moments backstage before curtain time He has succeeded in revealing the extraordinary transformation from person to performer that is the dancer's way of life Here are Patricia McBride and Peter Martins of the New York City Ballet Anthony Dowell Natalia Makarova Alexander Godunov Cynthia Gregory Fernando Bujones and Martine Van Hamel of the American Ballet theatre and Patrick Dupond and Ghislaine Thesmar of the Paris Opera Ballet You will see them behind the scenes and in pictures that record the fleeting moments of great performance which dancers must perpetually re create Their biographies based on personal interviews with Holly Brubach display the individuality of each of them which is as striking as the passion they share for their difficult art By juxtaposing the public and private sides of these stars of contemporary ballet this book doubly illuminates the art After seeing Pierre Petitjean's photographs no one can watch these or even other dancers without a sharply heightened sense of what they bring to each dazzling appearance on the stage In Holly Brubach's words If the story these pictures tell has a moral it is that dancing isn't the mystical business it's so often made out to be that ballet for all its romantic illusion is in fact a carefully conceived plan Like architecture it takes into account physical limitations and the law of gravity Ballet may fulfill our longing to be other than we are and at the same time make us realize how fine it is to be human It is that contradiction which lies at the heart of great performances and of these pictures Jacket *Dance in Canada*, 1983 *Dancers and Choreographers* Leslie Getz, 1995 Covers the full range of English language dance book literature published in the twentieth century as well as all the scholarly periodicals in the field from the United States Great Britain Canada and Australia **Subject Guide to Books in Print**, 1983 Subject Catalog Library of Congress, **The Publishers' Trade List Annual**, 1986 **Dance Sources, UCLA Libraries and Archives**, 1991 **Forthcoming Books** Rose Arny, 1983 Subject Catalog, 1982 Library of Congress, 1982 **National Union Catalog**, 1982 Includes entries for maps and atlases **Ballet News**, 1982 *Library Journal*, 1982 **Camera Arts**, 1982 *Envisioning Dance on Film and Video* Judy Mitoma, ELIZABETH ZIMMER, Dale Ann Stieber, 2013-10-18 Virtually everyone working in dance today uses electronic media technology *Envisioning Dance on Film and Video* chronicles this 100 year history and gives readers new insight on how dance creatively exploits the art and craft of film and video In fifty three essays choreographers filmmakers critics and collaborating artists explore all aspects of the process of rendering a three
