Assignment Moscow James Rodgers, 2020-06-25 The story of western correspondents in Russia is the story of Russia's attitude to the west Russia has at different times been alternately open to western ideas and contacts cautious and distant or for much of the twentieth century all but closed off From the revolutionary period of the First World War onwards correspondents in Russia have striven to tell the story of a country known to few outsiders Their stories have not always been well received by political elites audiences and even editors in their own countries but their accounts have been a huge influence on how the West understands Russia Not always perfect at times downright misleading they have overall been immensely valuable In Assignment Moscow former foreign correspondent James Rodgers analyses the news coverage of Russia throughout history from the coverage of the siege of the Winter Palace and a plot to kill Stalin to the Chernobyl explosion and the Salisbury poison scandal
