Ten Thousand Ways to Santiago E. C. Curtsinger, 2005-07-01 E C Curtsinger Ten Thousand Ways to Santiago This comic romantic comic tragic comic adventurous poetic novel takes its characters with the reader tucked in among them on an eight hundred kilometer journey from the Pyrenees and across northern Spain to Campostela the field of stars where as every Spaniard knows the great apostle James was buried The road they more or less follow is the medieval pilgrimage route still in much use and highly advertised by Spain today to the holy city of Santiago The Camino sometimes shaded off to disappearance in the intricacies of Spanish landscape Along highways dirt paths and river banks through rock and mud past villages abandoned or scarcely alive into cities and farms and plains and forests up mountains and down carved sides of hills the Camino drew to itself the well shod feet of one more walker on the pilgrims way He is Paul Shaffer an American loner in pilgrim costume and a big pack on his back Paul camps in the snow one night and mourning the death a year or so ago of Angelique Roussel and remembering her purity and her beauty he makes a campfire and not too nearby a snow statue of Angelique Two big French boys come by the next morning and rob Paul of everything but a toothbrush They leave him naked in the Pyrenees Pilgrimage has long been seen as a metaphor for life The novel begins with a child asking her mother Ou est Dieu Sabelline Soudant her sorrows showing says He s in heaven Where He belongs Sabelline is an actress in a French troupe whose theater burned down in the middle of a play The troupe traveling with their families in an old and wildly painted bus is headed for holiday in Spain and the naked beaches of Ibiza The bus breaks down Paul feeling reduced almost to nothingness and wearing only a couple of pine twigs is a failure at hitch hiking He s welcomed by the troupe What better way to start a world than with bread and sausage and unknown soups and children and a fire and a bus like a ship gift wrapped in rainbow ribbons and a little man on top of it munching a sandwich and staring down The little man is Yanny the troupe s poet actor handyman Yanny is at the heart of the novel and seems to suffer the joys and sorrows of the troupe He looks through the costumes and baggage on top of the bus then holds up a clownsuit Tosses it Down the wind clown came dancing fighting the air kicking it Paul wears the costume for most of the journey He makes friends and enemies in the troupe He gradually takes on the name of Campo the former wearer of the clowny cloth The French troupe two dozen or so has a beaucoup of secrets joys liaisons private wars Monsieur Soudant Sabelline s father usually called Gramps lives in pipesmoke memories of his triumph in Faustus two decades ago Gaston Mertot the elephant size owner of the theater hasn t spoken since it burned He stalks through the novel like the gross and silent guilt or conscience of the troupe Was he is he in love with Alexis Poof a beautiful flame haired actress Sabelline blames Gaston for the fire and the death of the original Campo her former lover Pier Bodu actor bold seducer adventurer contrasts with Paul Shaffer s softer ways Emil Berne is a stagehand a big good natured fellow handy with an axe Sabrine de Luz a young actress likes to climb trees and sing old songs of the Auvergne People watch her in the trees her sunlit legs like rays from a splendid bottom Louye Lessard a crafty

stagehand is a dead shot with a rifle and supplies the group with rabbits along the way Rabbit soup rabbit sandwiches His wife Helene is pregnant and Louye looks ahead to the birth so he can see who the baby looks like A man s wife is his castle and somebody s bee *The step thief. First book - The French Way* Nicola Soloni, I steal steps That s right steps I take them away from those who arrive home late in the evening and can t wait to lie down on the armchair in the living room to get stupid in front of the TV From those who use the car for any trip especially short and maybe don t worry about parking in a double row in order to avoid the unnecessary effort of an extra meter on foot I steal from those who stay in bed all Sunday to soak up a solemn hangover from those who willingly exchange the tanning lamp with a walk outdoors or who go up into the mountains just to fill their stomachs in the restaurant near the state road I wait for the right moment come up like a hawk and grab them in the blink of an eye I collect them sorted on the shelf in the cellar one on top of the other When they reach an important figure I begin preparations I find a guide study the stages plan the trip It takes at least two years to raise the necessary amount Of the order of one million A long infinite wait which culminates in an outburst of irrepressible happiness The time has come The backpack is ready Let s go From 2006 to 2010 I was three times a pilgrim to Santiago de Compostela in the north of Spain The first along the Camino Franc s the best known and most popular almost nine hundred kilometers from the Pyrenees to the ocean thirty six extraordinary unforgettable days The second starting from Seville and traveling along the Via de la Plata a thousand kilometers of desert solitude and silence a month and a half of exhausting trek The last one from Oviedo the capital of Asturias following in the noble footsteps of King Alfonso II the Chaste through the oldest itinerary dating back to the early ninth century and named for this Primitivo Along the way I tried to keep track of the encounters the landscapes the sensations I was experiencing To be able to remember and relive them I wrote in the late afternoon before dinner often every other day struggling with fatigue Simple phrases broken thoughts images of a moment to be re knotted upon returning These pages want to be that knot a network intertwined with the thin thread of emotions The first book tells of the pilgrimage on the Camino Franc s along the eight hundred and seventy kilometers that separate St Jean Pied de Port on the transalpine side of the Pyrenees from Fisterra the extreme strip of the West One after the other one million three hundred thousand steps Enjoy the reading **Practicing Pilgrimage** Brett Webb-Mitchell, 2016-11-09 Practicing Pilgrimage On Being and Becoming God s Pilgrim People explores both the theological cultural and spiritual roots of Christian pilgrimage and is a how to book on doing pilgrimage in our suburban backyards city streets rural roads churches retreat centers and our everyday life Brett Webb Mitchell takes the ancient practice of Christian pilgrimage and applies it to our contemporary lives **Among the Pilgrims** Mary Victoria Wallis, 2004 Mary Victoria Wallis s Among the Pilgrims is the story of her two pilgrimages one by bicycle in 1997 and one on foot in 1998 in northern Spain along the thousand year old route to the shrine of St James the Apostle at Santiago de Compostela In ten chapters covering everything from medieval miracle tales to the modern perils of shin splints and flat tires she gives her view as a medievalist outdoor enthusiast and

inquiring pilgrim with Buddhist leanings of the five hundred mile trail to Santiago Among the Pilgrims takes the reader through a landscape of both the past and the present the real and the imagined through a topography not only of village and field but of mind and spirit as well In the cultural remains of medieval pilgrimage Mary searches for the spiritual seeds of modern pilgrimage Using a personal and impressionistic style Among the Pilgrims brings into relief the treasury of literature art architecture music philosophy and science that was born and transmitted along the Camino de Santiago Early in her first trip for instance Mary climbs the pass over the Pyrenees into the Spanish town of Roncesvalles Here in 779 AD Count Roland was slain blowing a dying note upon his magical oliphant to summon help from King Charlemagne thereby giving birth to Le Chanson de Roland and French literature On the dry plains of northern Castile she discovers the cradle of many Western musical traditions Further west she comes upon a 12th century Templars castle that Napoleon thought about blowing up only two hundred years ago Far from being isolated cultural artifacts these stories places and treasures are part of a heritage reaching into our own time They are also mirrors in which we can find ourselves

Pilgrimage Pathways for the United States James E. Mills, 2021-02-09 An inspirational argument for the creation of a new pilgrimage tradition in the United States Pilgrimage is a sacred tradition that has existed around the world for centuries Every year more than one hundred million devotees from different cultures and faiths embark on journeys to such holy sites as Santiago de Compostela Mecca and Banaras For some making a pilgrimage is a spiritual act while for others it is a secular experience of personal restoration And yet there has never existed a tradition of pilgrimage within the United States Cultural geographer James E Mills makes a compelling case for the creation of a network of American pilgrimage routes to heal societal divisions and foster a new ethos of humanitarianism and environmentalism He also addresses practical considerations for the development ownership and administration of future routes Pilgrimage Pathways for the United States is for anyone considering a pilgrimage and for those of us who are interested in connecting and protecting our natural world including environmentalists interfaith clergy political leaders community developers and activists

The Way Is Made by Walking Arthur Paul Boers, 2025-09-23 The Word Guild Canadian Christian Writing Awards Finalist Pilgrimage is a spiritual discipline not many consider Aren't the destinations far Don't they involve a lot of time and walking Just a few years ago Arthur Paul Boers wasn't thinking about pilgrimage either But he began to sense a deep call from God to walk the five hundred mile pilgrimage route known as Camino de Santiago ending in Santiago de Compostela Spain at a cathedral that is said to hold the relics of the apostle James In these pages he opens to us his incredible story of renewed spirituality springing from an old old path walked by millions before him It's a story of learning to pray in new ways embracing simplicity forming community living each day centered and focused depending on God to provide Joined by hundreds of others from all over the world Boers points the way to deeper intimacy with God a way made by walking in faith

Walking into the Void Arpad Szakolczai, Agnes Horvath, 2017-10-17 The book starts by discussing the significance of walking for the experience of being human including a comparative study of the language and cultures of walking It then reviews in detail relying on archaeology two turning points of human history the emergence of cave art sanctuaries and a new cultural practice of long distance pilgrimages implying a descent into such caves thus literally the void and the abandonment of walking culture through settlement at the end of the Ice Age around the time when the visiting of cave sanctuaries also stopped The rise of philosophy and Christianity is then presented as two returns to walking The book closes by looking at the ambivalent relationship of contemporary modernity to walking where its radical abandonment is combined with attempts at returns The book ventures an unprecedented genealogy of walking culture bringing together archaeological studies distant in both time and place and having a special focus on the significance of the rise of representative art for human history Our genealogy helped to identify settlement not as the glorious origin of civilisation but rather as a source of an extremely problematic development The findings of the book should be relevant for social scientists as well as those interested in walking and its cultural and civilisational significance or in the direction and meaning of human history
