## **Tending To Virginia:**

*Tending to Virginia* Jill McCorkle, 2012-05-21 This is the story of Virginia Turner Ballard known to her North Carolina relatives as Ginny Sue. It is also the story of her mother, her grandmother, her great aunts, her closest cousin, three generations of women who gather around Virginia to help her at the end of a hard pregnancy to tend to her, to help her prepare for the fourth generation. This kind of family attendance, this kind of tending, is Southern to the core, offering as it does the occasion for reviving and trading entwined family stories. *Tending to Virginia* is a novel of one family's most important stories: how they happened, how they were perceived, how they were remembered, how their truth is revealed. In the end, an eruption of family confessions becomes revelation, revelation as legacy passed down among a family's women, revelation as a family's gift in celebration of growing up, a process Jill McCorkle knows lasts into old age. In her characterizations of these vivid women playing out their generational roles in the contemporary South, McCorkle presents us with a powerful insight that the strongest family bonds are for better or worse as often created by what is held back as by what is spoken. **Tending to**

**Virginia** Jill McCorkle, 1989-01 **Understanding Jill McCorkle** Barbara Bennett, 2000 *Understanding Jill McCorkle* introduces readers to the novels and short story collections of Jill McCorkle's growing canon. Since 1984, McCorkle has written five novels and two books of short stories, entering the publishing world as one reviewer noted with the literary equivalent of a rebel yell. Filling the gap of critical study on McCorkle, Barbara Bennett analyzes the widely read and admired output of this prolific southern woman writer. Bennett identifies and discusses the diverse characters, thematic concerns, and keen sense of language that distinguish McCorkle's work. **A Southern Weave of Women** Linda Tate, 1996 *A Southern*

*Weave of Women* is one of the first sustained treatments of the generation of women writers who came of age in the post-World War II South, as well as one of the first to situate southern literature fully within a multicultural context. Inventing Southern Literature Michael Kreyling, 2009-11-12 Winner of the 1997 Eudora Welty Prize, I take an outward route, arguing that the Agrarian project was and must be seen as a willed campaign on the part of one elite to establish and control the South in a period of intense cultural maneuvering. The principal organizers of *I'll Take My Stand* knew full well there were other Souths than the one they touted; they deliberately presented a fabricated South as the one and only real thing. In *Inventing Southern Literature*, Michael Kreyling casts a penetrating ray upon the traditional canon of southern literature and questions the modes by which it was created. He finds that it was indeed an invention rather than a creation. In the 1930s, the foundations were laid by the Fugitive Agrarian group, a band of poet-critics that wished not only to design but also to control the southern cultural entity in a conservative political context. From their heyday to the present, Kreyling investigates the historical conditions under which literary and cultural critics have invented the South and how they have chosen its representations. Through his study of these choices, Kreyling argues that interested groups have shaped meanings that preserve a South as the South. As the Fugitive Agrarians molded the region according to their definition in *I'll Take My Stand*,

they professed to have developed a critical method that disavowed any cultural or political intent or content a claim that Kreyling disproves He shows that their torch was taken by Richard Weaver on the Right and Louis D Rubin Jr on the Center Left and that both critics tried to preserve the Fugitive Agrarian credo despite the severe stresses imposed during the era of desegregation As the southern literary paradigm has been attacked and defended certain issues have remained in the forefront Kreyling takes on three reconciling the imperatives of race with the traditional definitions of the South testing the ways white women writers of the South have negotiated space within or outside the paradigm and analyzing the critics use and abuse of William Faulkner the major figure of southern literature as they have relied on his achievement to anchor the total project called Southern Literature *Ordering the Facade* Katherine Henninger,2007 Proposing a new way to map intersections of photography and American literature Katherine Henninger demonstrates the importance of pinpointing specific cultural and subcultural history *Ordering the Facade* traces the visual and literary cultures of sou *Federal Register* ,1978-02 **The Encyclopedic Digest of Virginia and West Virginia Reports** Thomas Johnson Michie,1906
