Prayer Kwan-Yuk Claire Sit, 2008-10 Every moral deed and every physical action in human life is connected in the human
 heart Only when we truly learn to understand the configuration of the human heart will we find the true fusion of these two
 parallel and independent phenomena moral events and physical events Rudolf Steiner Today we know very little about the
 true nature of the human heart Our knowledge arises only from a materialistic or an emotional standpoint However the
 human heart as Rudolf Steiner knew and taught is both spiritual and physical the place where body and soul come together It
 is the place of their unity We have lost this knowledge yet it is integral to the Western understanding of what gives humanity
 its vocation our spiritual physical our earthly heavenly nature In this astonishing and inspiring book Peter Selg focuses on the
 evolution of the spiritual understanding of the heart as transmitted through Aristotle the Gospels and Hebrew Scriptures to
 the Middle Ages when in the light of the Mystery of Golgotha and its sacramental life it was synthesized and transformed by
 Thomas Aquinas after whom with the rise of modern science it was lost until Goethe began a process of recovery and
 development that led to its complete renewal and transformation in Rudolf Steiner The Mystery of the Heart tells this story in
 three parts Part one The Anthropology of the Heart in the Gospels examines the spiritual anthropology of the heart in the
 Gospels in the light of Ezekiel's prophetic saying I will give you a new heart and put a new spirit in you I will remove from
 you your heart of stone and give you a living heart of flesh Part two De Essentia et Motu Cordis describes Aristotle's
 understanding of the heart and its transformation and deepening in Aquinas Part three The Heart and the Fate of Humanity
 examines the spiritual scientific view of the heart as developed in Rudolf Steiner's teachings Also included is an appendix
 containing selected meditative verses and therapeutic meditations for the heart This volume was originally published in
