

Terms of engagement, engagement acceptance, & engagement letter

Introduction

In this lesson, we will cover the **origins of any engagement**. This process involves:

- A client and practitioner finding each other.
- Seeing if they are a good match for each other.
- Confirming that there are no reasons to call off the engagement.
- Coming to an understanding on the work to be performed.
- Agreeing on an engagement letter.

The **objective of the auditor** is to accept an audit engagement for a new or existing audit client only when the basis upon which it is to be performed has been agreed upon through:

1. establishing whether the **preconditions** for an audit are present and
2. confirming that a common **understanding** of the **terms of the audit** engagement exists between the auditor and management and, when appropriate, those charged with governance.
