John P. Hawkins

The Earth Lords:

The Earth Lords Gordon R. Dickson, 1989 In a hidden labyrinth beneath the Canadian wilderness dwarfish lords and ladies ride humans like horses and plot the downfall of mankind But Bart Dybig a steed gifted with unusual abilities vows to surprise his captors and escape to the world above and thwart his enemies plans **The Earth is the Lord's** Win

Mott, 2018-12-26 The earth is the Lord's says Psalm 24 God owns it in other words Is it time to take this seriously as God's word does If so it means that secular is an illusion and our traditional division of the world into sacred and secular is false This work looks at the major consequences for Christians when we see the earth as sacred and realize the stewardship that follows We are called as Christians to take a prophetic role in forming a worldview which understands that we live as sacred beings in the Lord's sacred space **Four Creations** Gary H. Gossen, 2002

Four Creations is a collection of seventy-four stories told to Gary H. Gossen by Tzotzil Maya storytellers in San Juan Chamula Mexico Spanning four cycles of creations, destructions and restorations from the dawn of cosmic order to the present era this epic history reveals a distinctly Maya vision of the universe grand in scope yet leavened with local humor irony and the Tzotzil narrators' own critical commentaries Four Creations includes mythic accounts of modern history such as the Wars of Independence the Mexican Revolution and the current Protestant evangelical movement Given in both transcribed Tzotzil and English translations the texts are enlivened by more than one hundred Maya Indian drawings and by Gossen's extensive ethnographic and historical notes based on his conversations with the narrators and more than thirty-five years of study Miguel Le n Port lla's Foreword situates Four Creations within the broader context of Mesoamerican culture and traditions while the Afterword by Jan Rus relates this work to recent events in modern-day Chamula *Supplement to the Handbook of Middle American Indians, Volume 3* Victoria Reifler Bricker, Munro S. Edmonson, 2010-07-22

The sixteen-volume Handbook of Middle American Indians completed in 1976 has been acclaimed the world over as the single most valuable resource ever produced for those involved in the study of Mesoamerica When it was determined in 1978 that the Handbook should be updated periodically Victoria Reifler Bricker well-known cultural anthropologist was elected to be general editor This third volume of the Supplement is devoted to the aboriginal literatures of Mesoamerica a topic receiving little attention in the original Handbook According to the general editor This volume does more than supplement and update the coverage of Middle American Indian literatures in the Handbook It breaks new ground by defining the parameters of a new interdisciplinary field in Middle American Indian studies The aim of the present volume is to consider literature from five Middle American Indian languages Nahuatl Yucatecan Maya Quiche Tzotzil and Chorti The first three literatures are well documented for both the Classical and Modern variants of their languages and are obvious candidates for inclusion in this volume The literatures of Tzotzil and Chorti on the other hand are oral and heretofore little has been written of their genres and styles Taken together these essays represent a substantial contribution to the Handbook series with the volume editor's introduction placing in geographic perspective the

five literatures chosen as representative of the Middle American literary tradition *THE GODS BOOK* 52 Huu Khanh, 2025-08-09 *THE GODS BOOK* 52 Taidi Qin Mus heart moved slightly looking forward he saw in front of him huge bodies of the creator lords wearing snow white robes appearing in a vast space time That place was a huge lotus shaped continent extremely vast separated from Qin Mus group by an endless abyss in the abyss was a bottomless void Many creator lords stood in the void still not falling to the ground under their feet appeared huge lotus flowers the lotus flowers bloomed and emitted light emitting a white halo that seemed extremely holy Some people had a pair of golden wings growing on their backs their imagined divine sense made them look like they had the head of a bird and the body of a human their feet were sharp bird claws Some people had two dragons on their feet and fire was circulating all over their bodies **Moonblight and Six Feet of Romance** Daniel Carter Beard, 1904 *Maya Imagery, Architecture, and Activity* Maline D. Werness-Rude, Kaylee R. Spencer, 2015-05 *Maya Imagery Architecture and Activity* privileges art historical perspectives in addressing the ways the ancient Maya organized manipulated created interacted with and conceived of the world around them The Maya provide a particularly strong example of the ways in which the built and imaged environment are intentionally oriented relative to political religious economic and other spatial constructs In examining space the contributors of this volume demonstrate the core interrelationships inherent in a wide variety of places and spaces both concrete and abstract They explore the links between spatial order and cosmic order and the possibility that such connections have sociopolitical consequences This book will prove useful not just to Mayanists but to art historians in other fields and scholars from a variety of disciplines including anthropology archaeology geography and landscape architecture **Elements of Fantasy** Valerie Griswold-Ford, 2008-11 The Universe is Balanced That tenet is taught to every Mage and Lord ever born The Council of Nine watches over the Balance and makes certain that no one tips the Balance If that happens the StarChild will summon the Four Horsemen to Cleanse the world and reset the Balance Or at least that s the way it has always worked before *Rindi* Gregory L. Forth, 2012-12-11 The author describes Rindi culture within an analytic framework that illustrates connexions between and common principles among often apparently disparate realms of thought and action The book contains chapters on the house the village and the domain an aggregate of villages space and cosmos religion the notions hamangu and ndewa divinity and the ancestors the powers of the earth the cycle of life and death social order class stratification the division of authority descent groups and the system of asymmetric prescriptive alliance by which it is governed marriage prestations and the various ways of contracting a marriage The study is based on 22 months of fieldwork **Religious Transformation in Maya Guatemala** John P. Hawkins, 2021-05-01 Mayas and indeed all Guatemalans are currently experiencing the collapse of their way of life This collapse is disrupting ideologies symbols life practices and social structures that have undergirded their society for almost five hundred years and it is causing rapid and massive religious transformation among the K'iche' Maya living in highland western Guatemala Many Maya are converting to Christian

Pentecostal faiths in which adherents and leaders become bodily agitated during worship Drawing on over fifty years of research and data collected by field school students Hawkins argues that two factors cultural collapse and systematic social and economic exclusion explain the recent religious transformation of Maya Guatemala and the style and emotional intensity through which that transformation is expressed Guatemala serves as a window on religious change around the world and Hawkins examines the rapid pentecostalization of Christianity not only within Guatemala but also throughout the global South The pentecostal wail as he describes it is ultimately an acknowledgment of the angst and insecurity of contemporary Maya
