Super Bitches and

Action Babes Rikke Schubart, 2007-04-17 With actress Pam Grier's breakthrough in *Coffy* and *Foxy Brown* women entered action science fiction war westerns and martial arts films genres that had previously been considered the domain of male protagonists. This ground breaking cinema however was and still is viewed with ambivalence. While women were cast in new and exciting roles they did not always arrive with their femininity intact often functioning both as a sexualized spectacle and as a new female hero rather than female character. This volume contains an in depth critical analysis and study of the female hero in popular film from 1970 to 2006. It examines five female archetypes: the dominatrix, the Amazon, the daughter, the mother, and the rape avenger. The entrance of the female hero into films written by, produced by, and made for men is viewed through the lens of feminism and post feminism arguments. Analyzed works include films with actors Michelle Yeoh and Meiko Kaji, the *Alien* films, the *Lara Croft* franchise, *Charlie's Angels*, and television productions such as *Xena Warrior Princess* and *Alias*. Asian Cinema, 2006

The Aesthetics of Violence in Contemporary Media Gwyn Symonds, 2011-11-03 The topic of violence in the media seems as inundated as can be. Countless studies and research projects have been conducted mostly to show its negative effects on society. What Gwyneth Symonds proposes though, takes this significant topic one step further: studying the aesthetics of media violence. By defining key terms like the graphic nature and authenticity of violent representations and discussing how those definitions are linked to actual violence outside the film and television screen, Symonds broadens the arena of study. Engagingly written, *The Aesthetics of Violence in Contemporary Media* fills an important gap. Symonds uses existing studies for the empirical audience reception data together with discussions of the different representations of violence to look at violence in the media as an art form in of itself. By looking at *The Simpsons*, *Bowling for Columbine*, and *Norma Khouri's Forbidden Love* just to name a few, Symonds cross analyzes violence in multiple media to see their affective role in audience reception, an important aspect when discussing media. The book strikes a balance between the reader's need to see how
