The Edge Of Heaven

Catalina Florina Florescu

The Edge Of Heaven:

The Edge of Light Daniel A. DuBour, 2011-06-23 Have you ever wondered what happens after you pass from this life into the next Some may say there is no next and others would say you just fall asleep and wake up in heaven I have heard others say you go to a different world or you are born again into this world The following short stories are experiences certain individuals might have Though seemingly impossible to some and maybe so but the stories themselves can apply to anyone The names places and circumstances are fictional

On the Edge of Forever, 2001-08 The author deciphers the prophecies of Daniel and Revelation and shows how they allow us to understand the ebb and flow of history He explains Revelation's dragon the mark of the beast the signs that mark the end of the world and the millennium

The End of the Church? Hannah Marije Altorf, John Reuben Davies, Tibor Fabiny, Michael Fuller, Trevor Hart, Alison Jack, Elisabeth Jay, Lori A. Kanitz, Vassiliki Kolocotroni, Ann Loades, Margaret Masson, Donald Orr, Jeremy J. Smith, Heather Walton, 2022-12-01 These 14 essays by scholars who have worked with David Jasper in both church and academy develop original discussions of themes emerging from his writings on literature theology and hermeneutics The arts institutions literature and liturgy are among the subject areas they cover

Every End a Beginning Karen E. Holmes, 2005-12-30 Disjointed Perspectives on Motherhood Catalina Florina Florescu, 2013-10-29 Disjointed Perspectives on Motherhood presents the accounts of mothers who have suffered a major physical and or psychically traumatic accident and as a consequence their minds and bodies have been drastically changed They live under the pressure of having discovered the alter ego of their traumatized personality and now distressed cannot embrace their unconditional maternal love Instead they enter into a phase where they face the challenge of revealing who they are as persons before accepting or motivating themselves as mothers The mothers presented in this volume also seem to have another thing in common their transnational fluid female identity as they enter into an imaginary dialog that transcends geographical and temporal perspectives on womanhood and motherhood This collection introduces and analyzes recurrent words that define a woman's body and mind today fear competition motherhood and career rights selfishness ambition destruction distance and identity By using unprecedented comparative critical approaches such as phenomenological medical feminist and re-enchantment theories and by analyzing works from literature cinema and visual arts this collection attempts to reestablish and redefine a canonical concept with the intention to revitalize an otherwise taken for granted image and role

The Other in Contemporary Migrant Cinema Guido Rings, 2016-01-08 As a rapidly aging continent Europe increasingly depends on the successful integration of migrants Unfortunately contemporary political and media discourses observe and frequently also support the development of nationalist eurosceptic and xenophobic reactions to immigration and growing multiethnicity Confronting this trend European cinema has developed and disseminated new transcultural and postcolonial alternatives that might help to improve integration and community cohesion in Europe and this book investigates these alternatives in order to identify examples of good practices that can enhance

European stability While the cinematic spectrum is as wide and open as most notions of Europeanness the films examined share a fundamental interest in the Other In this qualitative film analysis approach particular consideration is given to British French German and Spanish productions and a comparison of multiethnic conviviality in Chicano cinema **Melodrama in Contemporary Film and Television** M. Stewart, 2014-07-03 Melodrama in Contemporary Film and Television debates the ways in which melodrama expresses and gives meaning to trauma and pathos memory and historical re-visioning home and borders gendered and queer relations the family and psychic identities the national and emerging public cultures and morality and ethics **Postcolonial Film** Rebecca Weaver-Hightower, Peter Hulme, 2014-02-24 Postcolonial Film History Empire Resistance examines films of the later twentieth and early twenty-first centuries from postcolonial countries around the globe In the mid-twentieth century the political reality of resistance and decolonization led to the creation of dozens of new states forming a backdrop to films of that period Towards the century's end and at the dawn of the new millennium film continues to form a site for interrogating colonization and decolonization though against a backdrop that is now more neo-colonial than colonial and more culturally imperial than imperial This volume explores how individual films emerged from and commented on postcolonial spaces and the building and breaking down of the European empire Each chapter is a case study examining how a particular film from a postcolonial nation emerges from and reflects that nation's unique postcolonial situation This analysis of one nation's struggle with its coloniality allows each essay to investigate just what it means to be postcolonial **Fatih Akin's Cinema and the New Sound of Europe** Berna Gueneli, 2019-01-09 In Fatih Akin's Cinema and the New Sound of Europe Berna Gueneli explores the transnational works of acclaimed Turkish-German filmmaker and auteur Fatih Akin The first minority director in Germany to receive numerous national and international awards Akin makes films that are informed by Europe's past provide cinematic imaginations about its present and future and engage with public discourses on minorities and migration in Europe through his treatment and representation of a diverse multiethnic and multilingual European citizenry Through detailed analyses of some of Akin's key works In July Head On and The Edge of Heaven among others Gueneli identifies Akin's unique stylistic use of multivalent sonic and visual components and multinational characters She argues that the soundscapes of Akin's films including music and multiple languages dialects and accents create an aesthetic of heterogeneity that envisions an expanded and integrated Europe and highlights the political nature of Akin's decisions regarding casting settings and audio At a time when belonging and identity in Europe is complicated by questions of race ethnicity religion and citizenship Gueneli demonstrates how Akin's aesthetics intersect with politics to reshape notions of Europe European cinema and cinematic history **Zohar for All: The Book of Zohar with the Sulam Commentary** Michael Laitman, Yehuda Ashlag, 2023-09-24 Laitman Kabbalah Publishers is proud to present the first volume of Zohar for All The Book of Zohar with the Sulam Commentary This new rendition of The Zohar offers an accessible and coherent explanation to the fundamental and primary composition in the wisdom of Kabbalah The Sulam

Ladder commentary is the most profound and elaborate commentary on The Book of Zohar and was written by the greatest kabbalist of the 20th century Rav Yehuda Leib HaLevi Ashlag Zohar for All smoothly merges the original text of The Zohar with the lucid explanations of Yehuda Ashlag to create a streamlined text that is both clear and true to the source
