According to the report
made in your ^{letter} ~~letter~~ the superior draft of the
transformation preliminary is somewhat confused. The
form is correct at the top, and the construction is
right. The paper you possess are not on my
knowledge. They were written at the date that
passed of when I have not. The preliminary portion
is a fine copy one of the preliminary portions
have been printed on heavy to heavy weight.

I have some reason to believe the papers that
if it shows similarity to the writing of samples
of the original. This may be better.

Figure 1. Schematic diagram of the experimental setup. The subject is seated in a chair and views the screen through a video camera. The screen displays the target and the starting position of the hand. The hand is moved from the starting position to the target position. The video camera records the hand position and the target position. The video camera is connected to a computer which controls the video camera and the screen.
