Projecting the End of the American Dream Gordon B. Arnold, 2013-04-09 This provocative book reveals how Hollywood films reflect our deepest fears and anxieties as a country often recording our political beliefs and cultural conditions while underscoring the darker side of the American way of life Long before the war in Iraq and the economic crises of the early 21st century Hollywood has depicted a grim view of life in the United States one that belies the prosperity and abundance of the so called American Dream While the country emerged from World War II as a world power collectively our sense of security had been threatened The result is a cinematic body of work that has America s decline and ruin as a central theme The author draws from popular films across all genres and six decades to illustrate how the political climate of the times influenced their creation *Projecting the End of the American Dream* Hollywood s Visions of U S Decline combines film history social history and political history to reveal important themes in the unfolding American narrative Discussions focus on a wide variety of films including Rambo Planet of the Apes and Easy Rider **Uninhibited: Erin Masterson's Dream Diary**

Erin Masterson, 2010-09-09 This is Erin M Masterson s dream diary Trudeau and the End of a Canadian Dream Guy Laforest, 1995-03-06 In 1982 Prime Minister Pierre Trudeau realized his life s ambition the patriation of the Canadian constitution and the enshrinement of a Charter of Rights and Freedoms At the same time he dealt a severe blow to his arch enemies the nationalists in Quebec who believed that a significant and rewarding partnership with Canada was possible

without renouncing their identity as Quebecers Laforest reveals that Trudeau betrayed the trust of the people of Quebec during the 1980 referendum on sovereignty association and contends that the whole patriation exercise completed without the consent of Quebec is not legitimate in that province He also holds Trudeau responsible for the ultimate rejection of the distinct society clause in the Meech Lake Accord which had given a glimmer of hope to Quebec federalists Trudeau and the End of a Canadian Dream shows how constitutional reform and the political culture it fostered shattered the hopes of those who believed that being both a Canadian and a Quebecer was possible **The Cruise of the Dream Ship** Ralph

Stock,1921 Well illustrated memoir of a round the world voyage by an English yacht the final third devoted to experiences around the Great Barrier Reef Thursday Island and the Torres Strait and in the Gulf of Carpentaria The End of the Chinese Dream Gerard Lemos,2012-07-30 Glossy television images of happy industrious and increasingly prosperous workers show a bright view of life in twenty first century China But behind the officially approved story is a different reality Preparing this book Gerard Lemos asked hundreds of Chinese men and women living in Chongqing an industrial mega city about their wishes and fears The lives they describe expose the myth of China s harmonious society Hundreds of millions of everyday people in China are beleaguered by immense social and health problems as well as personal family and financial anxieties while they watch their communities and traditions being destroyed Lemos investigates a China beyond the foreigners beaten track This is a revealing account of the thoughts and feelings of Chinese people regarding all facets of their lives from education to health care unemployment to old age politics to wealth Taken together the stories of these men and women bring to light a broken society one whose people are frustrated angry sad and often fearful about the circumstances of their lives The author considers the implications of these findings and analyzes how China s community and social problems threaten the ambitious nation s hopes for a prosperous and cohesive future Lemos explains why protests will continue and a divided and self serving leadership will not make people s dreams come true Ideas of Authorship in the English and Scottish Dream Vision Laurie Atkinson,2024 An investigation of English and Scottish dream visions written on the cusp of the Renaissance teasing out distinctive ideas of authorship which informed their design The fifteenth and sixteenth centuries have long been acknowledged as a period of profound change in ideas of authorship in which a transition from a medieval to a modern paradigm took place In England and Scotland changing approaches to Chaucer have rightly been considered as a catalyst for the elevation of English as a literary language and the birth of an English literary history There is a tendency however when moving from Chaucer s self professed poetic followers of this time to the philological approach associated with William Caxton and the 1532 Works to pass over the literary careers of the English and Scots poets belonging to the intervening half century John Skelton William Dunbar Stephen Hawes and Gavin Douglas This volume redresses that neglect Its close and comparative readings of these poets stimulating but critically neglected dream visions and related first person narratives reveal a spectrum of ideas of authorship four distinct engagements with tradition and opportunity united by their

utilisation of a particular form It regards authorship as a topic of invention a discourse for appropriation which is available to but not inevitable in late medieval and early modern writing Overall it facilitates newly focussed study of an often obscured literary historical period one with a heightened interest in the authors of the past Chaucer Lydgate Petrarch Virgil but also an increasingly acute perception of the conditions of authorship in the present
