Cain, Edited by Price V. Fishback, Edited by Paul W. Rhode, 2018-06-15 American economic history describes the transition of a handful of struggling settlements on the Atlantic seaboard into the nation with the most successful economy in the world today As the economy has developed so have the methods used by economic historians to analyze the process Interest in economic history has sharply increased in recent years among the public policy makers and in the academy The current economic turmoil calling forth comparisons with the Great Depression of the 1930s is in part responsible for the surge in interest among the public and in policy circles It has also stimulated greater scholarly research into past financial crises the multiplier effects of fiscal and monetary policy the dynamics of the housing market and international economic cooperation and conflict Other pressing policy issues including the impending retirement of the Baby Boom generation the ongoing expansion of the healthcare sector and the

environmental challenges imposed by global climate change have further increased demand for the long run perspective given by economic history. Confronting this need, The Oxford Handbook of American Economic History affords access to the latest research on the crucial events, themes and legacies of America's economic history from colonial America to the Civil War up to present day. More than fifty contributors address topics as wide ranging as immigration, agriculture and urbanization. Over its two volumes, this handbook gives readers not only a comprehensive look at where the field of American economic history currently stands but where it is headed in the years to come.

British Economic Development in South East Asia, 1880-1939, Volume 1 David Sunderland, 2017-07-05. This collection focuses on the economic development of the areas of SE Asia with which Britain had a trading relationship. Covering 1880-1939, the economic growth of the region is revealed through a selection of rare primary resources organized thematically, with sections dedicated to agriculture, mining, trade, labour, finance and infrastructure.
