The Difficulty of Applying the Economics of Time and Ignorance Solomon M. Stein, 2013 *The Economics of Time Ignorance* 1985 is a key text within Austrian economics Among the so called third generation of modern Austrian economists however the book seems to have had very little impact compared to the notable influence it had upon the preceding generation Several possible reasons are considered including a disagreement with the substantive claims made in *Time Ignorance* or the possibility that *Time Ignorance* has nothing to offer this generation We challenge these potential explanations and argue that the root cause of this seeming neglect is the movement by this generation towards applied research an area where *Time Ignorance* has relatively less to offer

Austrian Economics in America Karen I. Vaughn, 1998-01-28 This book examines the development of the ideas of the new Austrian school from its beginnings in Vienna in the 1870s to the present It focuses primarily on showing how the coherent theme that emerges from the thought of Carl Menger Ludwig von Mises Friedrich Hayek Ludwig Lachmann Israel Kirzner and a variety of new younger Austrians is an examination of the implications of time and ignorance or processes and knowledge for economic theory
