The Emergence Of A New Lebanon Fantasy Or Reality:

The Emergence of a New Lebanon Edward E. Azar, 1984 Long the most familiar of the Middle East countries to Americans Lebanon has become something of an alien Those who have only recently come to know the name associate Lebanon with extremism bigotry and violence Their portrait is that of a poor war torn land not unlike other Third World states except in the savagery of its divisiveness Those Americans who knew Lebanon in years past and there were many have tended to err just as grievously by assuming that the Lebanon whose shattered landscape they see on the front pages of their newspapers or in the more vivid images of television is the same Lebanon they once knew Geography is more static than society Apart from literature on the violence in Lebanon which is largely one sided material there is no body of knowledge dealing with contemporary Lebanon The conflicts in that country both resulted from and created numerous and far reaching changes in Lebanese society Let there be no mistake whatever Lebanon will be in the future we have passed a watershed Lebanon is not the same country it was five ten or fifteen years ago the political circumstances have fundamentally and irrevocably changed This book is an attempt to begin to look at the nature of the changes that have taken place in Lebanon

Islamic Fundamentalism and Islamic Radicalism United States. Congress. House. Committee on Foreign Affairs. Subcommittee on Europe and the Middle East, 1985 **The Breakdown of the State in Lebanon, 1967-1976** Farid El Khazen, 2020-12-10 Why did the Lebanese state the most open and democratic political system in the Middle East break down between 1967 and 1976 In this major contribution to the debate Fazel el Khazen rejects the standard explanations of the Lebanese Civil War and argues instead that the causes were due to the official state ideology which recognized diversity dissent and a highly pluralistic population and then specific external factors pressures from the Arab Israeli Conflict inter Arab rivalries and the Palestine Liberation Organization s close connection to Lebanese politics Using an historical analysis el Khazen sheds light on the political situation of the country in the lead up to the conflict and the major role Lebanon s neighbours had in the events The detailed and comprehensive account uses interviews with the key protagonists in the civil war and analysis of unpublished sources to reveal how and why the breakdown took place ***Martyr Cults and Political Identities in Lebanon*** Sabrina Bensen, 2019-10-24 Sabrina Bensen sheds light on political cults of martyrs in Lebanon and reconsiders the context of their emergence development and distinct characteristics since 1920 She examines how the honouring of martyrs became an established practice in Lebanese politics and is crucial to grasp the logic of violence and conflict Drawing on the case of the Amal movement the author analyses central narratives to the group s discourse and practices concerning martyrdom to show how identity construction and strategies of legitimizing power are intertwined Moreover the book provides insides into political competition strategies especially in regards to the two major Shi ite political actors Amal and Hizbullah and takes a new look on martyrdom by going beyond cultural religious explanations **Spheres of Intervention** James R. Stocker, 2016-05-01 In *Spheres of Intervention* James R Stocker examines the history of diplomatic

relations between the United States and Lebanon during a transformational period for Lebanon and a time of dynamic changes in US policy toward the Middle East Drawing on tens of thousands of pages of declassified materials from US archives and a variety of Arabic and other non English sources Stocker provides a new interpretation of Lebanon s slide into civil war as well as insight into the strategy behind US diplomatic initiatives toward the Arab Israeli conflict During this period Stocker argues Lebanon was often a pawn in the games of larger powers The stability of Lebanon was an aim of US policy at a time when Israel s borders with Egypt and Jordan were in active contention Following the June 1967 Arab Israeli War the internal political situation in Lebanon became increasingly unstable due to the regional military and political stalemate the radicalization of the country s domestic politics and the appearance of Palestinian militias on Lebanese territory US officials were more deeply involved in Lebanese affairs than most outside the region realized After a series of internal crises in 1969 1970 and 1973 civil war broke out in Lebanon in 1975 The conflict reached a temporary halt after a Syrian military intervention the following year but this was only an end to the first stage of what would be a sixteen year civil war During these crises the US sought to help the Lebanese government in a variety of ways including providing military aid to the Lebanese military convincing Arab countries to take measures to help the Lebanese government mediating Lebanon s relations with Israel and even supporting certain militias

The Middle East In Global Perspective Judith Kipper,Harold Saunders,2019-06-19 Well before events in the Soviet Union and Eastern Europe dramatized the rapidity with which a new political world is evolving and before the Gulf War sharpened the focus on the Middle East agenda scholars and policymakers alike were searching for different concepts for addressing the intractable problems facing the Middle East Even though the re

Shi'ism and Social Protest Juan Ricardo Cole,Nikki R. Keddie,1986-01-01 This timely and important book presents the first overview of Shi i political activism in the countries where it has been most significant from Iran and Lebanon to Saudi Arabia and Egypt The contributors present up to date information on the factors involved in Shi ism s recent movement away from quietism and toward an active involvement in politics They also discuss how Shi i political activism will affect the struggle in and for Lebanon the Iran Iraq war Soviet attitudes toward Afghanistan and Iran and U S policies toward the Middle East

Rethinking the Economics of War Cynthia J. Arnson,I. William Zartman,2005-10-12 This collection of essays questions the adequacy of explaining today s internal armed conflicts purely in terms of economic factors and re establishes the importance of identity and grievances in creating and sustaining such wars Countries studied include Lebanon Angola Colombia and Afghanistan

Syria and Iran Anoushiravan Ehteshami,Raymond A. Hinnebusch,2002-01-31 It has been the dominant view that both Syria in the 1980s and Iran today have acted as rogue states in the Middle East threatening to upset the stability of the region In this innovative new study Anoushiravan Ehteshami and Raymond Hinnebusch show that these two countries have in fact acted in a rational fashion pursuing the aim of containing Western influence This book demonstrates how Syrian foreign policy resembles the rational actor model and Iran s rational factions in government guide

its diplomacy Syria and Iran's foreign policies are shown to be conventional ones of realist diplomacy with their pursuance of a balance of power and spheres of influence Their alliance with each other is also closely examined and found to be defensive in nature Syria and Iran illustrates how these two countries and their alliance forms an integral part of the balance of power in the Middle East It is an exciting contribution to the study of the region and its application of international relations concepts will be welcomed by those studying this area **Military Integration after Civil Wars** Florence

Gaub, 2010-09-13 This book examines the role of multiethnic armies in post conflict reconstruction and demonstrates how they can promote peacebuilding efforts The author challenges the assumption that multiethnic composition leads to weakness of the military and shows how a multiethnic army is frequently the impetus for peacemaking in multiethnic societies Three case studies Nigeria Lebanon and Bosnia Herzegovina determine that rather than external factors it is the internal structures that make or break the military institution in a socially challenging environment The book finds that where the political will is present the multiethnic military can become a symbol of reconciliation and coexistence Furthermore it shows that the military as a professional identity can supersede ethnic considerations and thus facilitates cooperation within the armed forces despite a hostile post conflict setting In this the book challenges widespread theories about ethnic identities and puts professional identities on an equal footing with them The book will be of great interest to students of military studies ethnic conflict conflict studies and peacebuilding and IR in general Florence Gaub is a Researcher and Lecturer at the NATO Defence College in Rome She holds a PhD in International Politics from Humboldt University Berlin
