The Encomenderos Of New Spain 1521 1555:

The Encomenderos of New Spain, 1521-1555 Robert Himmerich y Valencia, 2009-08-17 While the Spanish conquistadors have been stereotyped as rapacious treasure seekers many firstcomers to the New World realized that its greatest wealth lay in the native populations whose labor could be harnessed to build a new Spain Hence the early arrivals in Mexico sought encomiendas a grant of the Indians of a prescribed indigenous polity who were to provide the grantee the encomendero tribute in the form of commoditiesand service in return for protection and religious instruction This study profiles the 506 known encomenderos in New Spain present day Mexico during the years 1521 1555 using their life histories to chart the rise florescence and decline of the encomienda system The first part draws general conclusions about the actual workings of the encomienda system The second part provides concise biographies of the encomenderos themselves *The Encomenderos of New Spain, 1521-1555* Robert Himmerich y Valencia, 1987 *The Encomenderos of New Spain, 1521-1555* Robert Theron Himmerich, 1984 *The Encomenderos of New Spain, 1521-1555* Robert Theron Himmerich, 1984 **Dissertation** Robert Theron Himmerich Valencia, 1985 **The First Letter from New Spain** John F. Schwaller, Helen Nader, 2014-05-15 Presenting an authoritative translation and analysis of the only surviving original document from the first months of the Spanish conquest this book brings to life a decisive moment in the history of Mexico and offers an enlarged understanding of the conquerors motivations **The True History of The Conquest of New Spain** Bernal Diaz del Castillo, 2012-03-15 This rugged new translation the first entirely new English translation in half a century and the only one based on the most recent critical edition of the Guatemalan MS allows Diaz to recount in his own battle weary and often cynical voice the achievements stratagems and frequent cruelty of Hernando Cortes and his men as they set out to overthrow Moctezuma s Aztec kingdom and establish a Spanish empire in the New World The concise contextual introduction to this volume traces the origins history and methods of the Spanish enterprise in the Americas it also discusses the nature of the conflict between the Spanish and the Aztecs in Mexico and compares Diaz s version of events to those of other contemporary chroniclers Editorial glosses summarize omitted portions and substantial footnotes explain those terms names and cultural references in Diaz s text that may be unfamiliar to modern readers A chronology of the Conquest is included as are a guide to major figures a select bibliography and three maps **The Oxford Handbook of Latin American History** Jose C. Moya, 2011 This Oxford Handbook comprehensively examines the field of Latin American history *Economic Development in the Americas Since 1500* Stanley L. Engerman, Kenneth L. Sokoloff, 2012 Examines differences in the rates of economic growth in Latin America and mainland North America since the seventeenth century **The Spanish Caribbean and the Atlantic World in the Long Sixteenth Century** Ida Altman, David Wheat, 2019-06 The Spanish Caribbean and the Atlantic World in the Long Sixteenth Century breaks new ground in articulating the early Spanish Caribbean as a distinct and diverse group of colonies loosely united under Spanish rule for roughly a century prior to the establishment of other European colonies In the sixteenth

century no part of the Americas was more diverse international or as closely tied to Spain the islands of the Atlantic western Africa and the Spanish American mainland than the Caribbean The Caribbean experienced rapid growth during this period displayed considerable ethnic and religious diversity developed extensive networks of exchange both within and beyond the region and played an important role in the broader Spanish colonization of the Americas Contributors address topics such as the role of religious orders the development of transatlantic and regional commercial systems insular and regional political dynamics in relation to imperial objectives the formation of colonial society and the effects on Caribbean colonial society of the importation and incorporation of large numbers of indigenous captives and enslaved Africans
