King, 1991 This encyclopaedia brings the mysterious ingredients of the occult supernatural and unexplained into the open and on to the page A practical reference book it shows you how to find water or coins with a dowsing rod how to read the future with tarot and playing cards how to chart ley lines how to understand your dreams and much more It is organized thematically for easy reference so that you can explore the magic and mysteries of ancient civilizations the world of telepathy premonitions and prophecy and the enigmas of ghosts apparitions and psychics **Encyclopedia of Wicca & Witchcraft** Raven Grimassi, 2000 This indispensable reference work provides both a historical and cultural foundation for modern Wicca and Witchcraft and it is the first to be written by an actual practitioner of the Craft Features include modern Wicca expressions sayings and terminology Illustrations **Pagan and Witch Elders of the World** Tamara Von Forslun, 2020-10-07 The Pagan or Witch Elder is a leader who has lead by example and teaches their wisdom to those that will listen they have cleared the path for those to follow We must remember and know who these Spiritual and Magical Warriors were and are some who are still fighting in the world for our acceptance and understanding This book is filled with hundreds of Elders some known and some not well known who stood tall and fought the establishment with compassion and strength endurance and wisdom courage and determination to share an ancient knowledge that has been awakened by them in the 21st century I write this book so that our Pagan community remembers and knows who these brave Spiritual Earth Warriors were and are and what they have given sacrificed and shared for the future of our world This book is to honour all our Elders so they are never forgotten and always honoured MERRY WE MEET MERRY WE PART AND MERRY WE MEET AGAIN Secrets of the Psychics Massimo Polidoro, 2012-06-14 This intriguing examination of the bizarre and the strange by a topnotch investigator will interest both skeptics and believers alike Illustrations **Mysteries and Secrets Revealed** Loren Pankratz, 2021-04-01 Mysteries and Secrets Revealed uncovers the reality behind mysteries of nature and secrets of frauds that eluded common understanding The journey begins in the ancient Greek city of Delphi where priests claimed the gift of a priceless gold lion was an acknowledgement of their clairvoyant powers But their concocted story concealed an embarrassing blunder Those sufficiently savvy to catch the lie became aware of even deeper problems Author Loren Pankratz then guides us through the conflicts of Renaissance scholars including Galileo who explained things in ways that enraged philosophers and infuriated priests Galileo s methods of investigation were perpetuated by the meticulous work of the Academy of Experiment and Bernard Fontenelle s enthralling dialogue enabled common people to accept life in the rearranged sun centered universe Clairvoyants in a mesmeric trance claimed they could visit distant planets and endure brutal surgical procedures If any of this was real how was it possible One nineteenth century mesmeric savant Alexis Didier was so convincing that someone

claimed no case of clairvoyance could be made for anyone if his accomplishments were not real This unchallenged declaration is now unraveled here for the first time through information gleaned from uncommon documents and rare antiquarian pamphlets The surprising manifestations of modern spiritualism quickly escalated into a psychic arms race that included mysterious tipping and turning of tables Scientist Michael Faraday devised ingenious experiments to show how subtle muscle reactions outside of awareness created these manifestations On the other hand explanations for table levitations and mysterious writing on slates could only be solved by individuals with acute observational skills and acquainted with the methods of trickery Each story in *Mysteries and Secrets Revealed* captures the tension of conflict the thrill of discovery and the strategies of science that unmasked frauds fakes false belief and the enigmas of our natural world **The**
