The End Of A Dream A Memoir:

The End of a Dream Gael Elton Mayo , PATRICK LEIGH FERMOR Beautifully done A marvellous subtle knack of catching atmosphere and landscape an ear for the spoken word that evokes half Balzac half Alain Fournier I loved it The End of a Dream is a lyrical evocation of a long forgotten yet echoing familiar world and an engrossing portrayal of life in rural France predating the environmental degradation of today Gael Elton Mayo lived in two regions of France which came to mean a great deal to her In the Franche Comt she lived with her husband in the fortress chateau of Frontenay which had been a stronghold against the French She had to learn quite literally to live with its ghosts In this land of vast distances and turbulent rivers Stendhal country old ways were still adhered to The people seemed to be partly shaped by their fierce history The Franche Comt has been French only since the seventeenth century and suffered numerous brutal attacks and betrayals during its long fight to keep its independence When Gael Elton Mayo first knew it in the 1960s there were still several men who preferred to live wild in the woods to more conventional ways As she describes her experiences the texture of life local habits food architecture and the Jurassiens she simultaneously opens windows on to the region s past This is recorded in detail only by local historians since more general histories of France tend to dismiss it with brevity She uses the same method when describing a village in the Vaucluse the inland part of Provence far from the crowded coast where she bought a farmhouse some ten years after losing the chateau and separating from her husband There she and her daughter made friends with a family of smallholders who it turned out shared similar views to her husband and his neighbours They all felt that something of great value was being leached out of their lives by the conditions of modern life and a gradual assimilation into the outside world SUNDAY TIMES I find it hard to pinpoint the unique charm of this half memoir half travel book It is about unusual people in the Jura and Provence by an unusual person THE SPECTATOR The visual quality of Gael Elton Mayo s writing conjures up with words a magic picture describing the texture of a Jurassien village in the early 1960s her memoir reads like Le Roy Ladurie s Montaillou This satire on modern mores ends up like a Proustian meditation on time BOOKS This book is extremely subtle both in its construction and constant changes of key Gael Elton Mayo speaks of two unique regions of France with her magical voice the fierce independence of the Jura the moody mountain in Provence the vivid pictures of people animals wines food flowers even the Mistral made me feel nostalgic about places I had never seen

Bion's Dream Meg Harris Williams,2018-03-21 This book offers a definitive reading of Bion s remarkable autobiographical writings from a perspective embedded in the poetry of the ages that of the Romantics in particular It is at once learned and utterly freshly able to explore the inside story of Bion s life and mind The volume is a distillation and elaboration of the work of many years Whilst ostensibly an extended commentary on the autobiographical works themselves it is also in its own right a tour de force engaging as it does with the heart of the matter with the development of a psychoanalyst of a life a self a mind thoroughly inward with the dark and sombre world of thought Margot Waddell

psychoanalyst and consultant child psychotherapist Tavistock Clinic **The Body and the Book** ,2015-06-29 The stimulating mix of academics and practising poets that have contributed to this volume provides an unusual and illuminating integration of critical and creative practice and a vibrantly diverse approach to questions of poetry and sexuality Each section of essays is complemented by poems which creatively illustrate or develop the theme with which the essays critically engage Rather than being limited to a specific genre tradition time or place this collection seeks to make a virtue of contrast comparison and juxtaposition The collection is arranged into sections that range broadly across the thematic ground of dichotomies traditions and revisions microscopic and macroscopic perspectives women and embodiment and the notion of play and performance Positioning eighteenth century tinkers ballads alongside medieval Hebrew lyrics and the Blues of Gorgeous Puddin or making Dionysus rub shoulders with Sharon Olds and Mrs Rochester provides new perspectives on familiar material and valuable insights into more obscure work and the nature of sensual poetry as a mode of expression As the editors suggest the essays and poems presented collectively argue that writings about sexuality are always already about the way poets see and represent our bodies the world and poetic language itself *The Rockies in First Person* Ron

McFarland,2014-01-10 The autobiography has not always been acknowledged as true literature Since 1970 however American memoirs have revealed themselves as a respectable literary genre distinct with an inimitable literary voice and a unique capacity to intersect narration and reflection This study focuses critical attention on ten memoirs from the northern U S Rockies including Utah Colorado Wyoming Montana and Idaho By comparing memoirs representing states that share similar demographic ecological and socio economic characteristics this historic and literary analysis reveals both commonalities and divergences among American Western memoirs Each chapter compares two books of similar thematic concerns ranging from regional values and rural evolution to dynamic landscapes and the experiences of American Indians

The Dreaming Mind and the End of the Ming World Lynn A. Struve,2021-05-31 From the mid sixteenth through the end of the seventeenth century Chinese intellectuals attended more to dreams and dreaming and in a wider array of genres than in any other period of Chinese history Taking the approach of cultural history this ambitious yet accessible work aims both to describe the most salient aspects of this dream arc and to explain its trajectory in time through the writings arts and practices of well known thinkers religionists litterateurs memoirists painters doctors and political figures of late Ming and early Qing times The volume s encompassing thesis asserts that certain associations of dreaming grounded in the neurophysiology of the human brain at sleep such as subjectivity irrationality the unbidden lack of control emotionality spontaneity the imaginal and memory when especially heightened by historical and cultural developments are likely to pique interest in dreaming and generate florescences of dream expression among intellectuals The work thus makes a contribution to the history of how people have understood human consciousness in various times and cultures *The Dreaming Mind and the End of the Ming World* is the most substantial work in any language on the historicity of Chinese dream culture Within

Chinese studies it will appeal to those with backgrounds in literature religion philosophy political history and the visual arts It will also be welcomed by readers interested in comparative dream cultures the history of consciousness and neurohistory

Doomed: Sacco, Vanzetti & the End of the American Dream John Florio, Ouisie Shapiro, 2023-01-24 From John Florio and Emmy Award winning writer Ouisie Shapiro comes a monumental YA nonfiction book about the heartbreaking case of Sacco and Vanzetti two Italian immigrants who were wrongfully executed for murder In the early 1920s a Red Scare gripped America Many of those targeted were Italians Eastern Europeans and other immigrants When an armed robbery resulting in the death of two people broke headlines in Massachusetts Nicola Sacco and Bartolomeo Vanzetti both Italian immigrants were quick to be accused A heated trial ensued but through it all the two men maintained their innocence The controversial case quickly rippled past borders as it became increasingly clear that Sacco and Vanzetti were fated for a death sentence Protests sprang up around the world to fight for their lives Learn the tragic history we dare not repeat in *Doomed Sacco Vanzetti and the End of the American Dream* an action packed fast paced nonfiction book filled with issues that still resonate today Praise for *Doomed* A riveting true crime story but who are the criminals As relevant today as it was a century ago Steve Sheinkin author of *Bomb and Fallout* *The End of a Dream* Gael Elton Mayo, 1987-01-01 **Irish-American**

Autobiography James Silas Rogers, 2016 Irish American Autobiography opens a new window on the shifting meanings of Irishness over the twentieth century by looking at a range of works that have never before been considered as a distinct body of literature Opening with celebrity memoirs from athletes like boxer John L Sullivan and ballplayer Connie Mack written when the Irish were eager to put their raffish origins behind them later chapters trace the many tensions often unspoken registered by Irish Americans who've told their life stories New York saloonkeepers and South Boston step dancers set themselves against the larger culture setting a pattern of being on the outside looking in Even the classic 1950s TV comedy *The Honeymooners* speaks to the urban Irish origins and the poignant sense of exclusion felt by its creator Jackie Gleason Catholicism so key to the identity of earlier generations of Irish Americans has also evolved One chapter looks at the painful diffidence of priest autobiographers and others reveal how traditional Irish Catholic ideas of the guardian angel and pilgrimage have evolved and stayed potent down to our own time Irish American Autobiography becomes in the end a story of a continued search for connection documenting an ethnic fade that never quite happened **New York Magazine**

, 1996-09-23 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea
