Situated Fathering A Focus On Physical :

Situated Fathering William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 *Situated Fathering* proposes a new theoretical framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children. Written largely for family scholars and students by an interdisciplinary team of leading scholars, this distinct volume of original research explores fathers in a wide range of physical and social spaces. Contributors outline directions for theoretically guided research in specific often gendered fathering sites.

Situated Fathering William Marsiglio, Kevin Roy, Greer Litton Fox, 2005-07-28 When men act as parents they do so in diverse physical and social spaces imbued with symbolic meaning. They father in the military overseas on the farm in dilapidated inner cities immersed in ethnic neighborhoods navigating idealized places of leisure where families go as stepfathers in spaces where physical dimensions and family meanings intersect as nonresident fathers managing less than ideal conditions rolling across the interstate as long haul truckers playing catch alongside the house managing precious family time in prison work release programs as participants in community fatherhood initiatives etc. Until now family scholars had not explicitly theorized and focused on how physical space shapes fathers' lives. A distinct volume of theoretical and empirical research *Situated Fathering* addresses this oversight by proposing a new framework for studying how various contingencies of physical space in conjunction with social symbolic issues affect men's identities as fathers and their involvement with children. Consistent with public interest in men's efforts to be there as providers and caregivers this book explores issues associated with the barriers and supports to involvement that are part of the physical and social environment. Written largely for family scholars and students it emphasizes a future oriented perspective by outlining directions for theoretically guided research in specific often gendered fathering sites.

The Oxford Handbook of Poverty and Child Development Valerie Maholmes, Rosalind B. King, Ph.D., 2012-05-21 Comprehensive and integrative *The Oxford Handbook of Poverty and Child Development* describes the contextual and social ecology of children living in poverty and illuminates the biological and behavioral interactions that either promote optimal development or that place children at risk of having poor developmental outcomes.

Parenting and Children's Resilience in Military Families Abigail H. Gewirtz, Adriana M. Youssef, 2016-06-10 This reference examines the wide ranging impact of military life on families parenting and child development. It examines the complex family needs of this diverse population especially as familiar issues such as trauma domestic violence and child abuse manifest differently than in civilian life. Expert contributors review findings on deployed mothers active duty fathers and other military parents while offering evidence for interventions and prevention programs to enhance children's healthy adjustment in this highly structured yet uncertain context. Its emphasis on resource and policy improvements keeps the book focused on the evolution of military families in the face of future change and challenges. Included in the coverage: Impacts of military life on young children and their parents Parenting school age children and

adolescents through military deployments Parenting in military families faced with combat related injury illness or death The special case of civilian service members supporting parents in the National Guard and Reserves Interventions to support and strengthen parenting in military families state of the evidence Military parenting in the digital age existing practices new possibilities Addressing a major need in family and parenting studies Parenting and Children s Resilience in Military Families is necessary reading for scholars and practitioners interested in parenting and military family research *Child and Youth Care* Alan Pence,Jennifer White,2011-07-01 Critical and postmodern perspectives have been largely underexplored in the field of child and youth care This book addresses the gap showcasing cutting edge approaches to policy pedagogy and practice from diverse perspectives and professional settings The authors of *Child and Youth Care* challenge deep seated assumptions about child and youth care by reinterpreting core concepts such as ethics and outcomes and raising questions about underlying goals and premises Can the ends of practice be separated from the means For whose benefit are interventions designed By recognizing a range of social and political influences on children and youth this volume bears witness to exciting developments in child and youth care **Navigating Contemporary Fatherhood in Europe** Tina Miller,Lars Plantin,Allan Westerling,2025-10-20 Drawing on extensive empirical research this book examines paternal involvement in caregiving practices and asks what is currently happening to involved fatherhood The book investigates fatherhood in various everyday settings such as outdoor spaces workplaces and the home while considering the influence of policy frameworks across different European countries By analysing fathers experiences and the impact of policy on familial roles it provides fresh insights into the concept of involvement and progression towards practices of more equitable fatherhood Encouraging new thinking on paternal engagement this is a critical look at how fatherhood is navigated negotiated and understood within diverse cultural and policy contexts in everyday life **Nurturing Dads** William Marsiglio,Kevin Roy,2012-01-01 American fathers are a highly diverse group but the breadwinning live in biological dad prevails as the fatherhood ideal Consequently policymakers continue to emphasize marriage and residency over initiatives that might help foster healthy father child relationships and creative co parenting regardless of marital or residential status In *Nurturing Dads* William Marsiglio and Kevin Roy explore the ways new initiatives can address the social cultural and economic challenges men face in contemporary families and foster more meaningful engagement between many different kinds of fathers and their children What makes a good father The firsthand accounts in *Nurturing Dads* show that the answer to this question varies widely and in ways that counter the mainstream provide and reside model of fatherhood Marsiglio and Roy document the personal experiences of more than 300 men from a wide range of socioeconomic backgrounds and diverse settings including fathers to be young adult fathers middle class dads stepfathers men with multiple children in separate families and fathers in correctional facilities They find that most dads express the desire to have strong close relationships with their children and to develop the nurturing skills to maintain these bonds But they also find that disadvantaged fathers

including young dads and those in constrained financial and personal circumstances confront myriad structural obstacles such as poverty inadequate education and poor job opportunities Nurturing Dads asserts that society should help fathers become more committed and attentive caregivers and that federal and state agencies work sites grassroots advocacy groups and the media all have roles to play Recent efforts to introduce state initiated paternity leave should be coupled with social programs that encourage fathers to develop unconditional commitments to children to co parent with mothers to establish partnerships with their children s other caregivers and to develop parenting skills and resources before becoming fathers via activities like volunteering and mentoring kids Ultimately Marsiglio and Roy argue such combined strategies would not only change the policy landscape to promote engaged fathering but also change the cultural landscape to view nurturance as a fundamental aspect of good fathering Care is a human experience not just a woman s responsibility and this core idea behind Nurturing Dads holds important implications for how society supports its families and defines manhood The book promotes the progressive notion that fathers should provide more than financial support and in the process bring about a better start in life for their children A Volume in the American Sociological Association s Rose Series in Sociology **Male**
