knowledge from archaeology and anthropology helped resolve long existing controversies challenged long held views and thrown up remarkable surprises The emerging picture is one of many waves of ancient human migrations so that all populations living today are mixes of ancient ones and often carry a genetic component from archaic humans David Reich whose team has been at the forefront of these discoveries explains what genetics is telling us about ourselves and our complex and often surprising ancestry Gone are old ideas of any kind of racial purity Instead we are finding a rich variety of mixtures Reich describes the cutting edge findings from the past few years and also considers the sensitivities involved in tracing ancestry with science sometimes jostling with politics and tradition He brings an important wider message that we should recognize that every one of us is the result of a long history of migration and intermixing of ancient peoples which we carry as ghosts in our DNA What will we discover next

**Who We are and how We Got Here** David Reich (Of Harvard Medical School),2018 David Reich describes how the revolution in the ability to sequence ancient DNA has changed our understanding of the deep human past This book tells the emerging story of our often surprising ancestry the extraordinary ancient migrations and mixtures of populations that have made us who we are Contemporary Chinese Cinema and Visual Culture Sheldon Lu,2021-07-15 Honourable Mention Best Monograph Award BAFTSS Publication Awards 2022 Sheldon Lu s wide ranging new book investigates how filmmakers and visual artists from mainland China Hong Kong and Taiwan have envisioned China as it transitions from a socialist to a globalized capitalist state It examines how the modern nation has been refashioned and re imagined in order to keep pace with globalization and transnationalism At the heart of Lu s analysis is a double movement in the relationship between nation and transnationalism in the Chinese post socialist state He considers the complexity of how the Chinese economy is integrated in the global capitalist system while also remaining a repressive body politic with mechanisms of control and surveillance He explores the interrelations of the local the national the subnational and the global as China repositions itself in the world Lu considers examples from feature and documentary film mainstream and marginal cinema and a variety of visual arts photography painting digital video architecture and installation His close case studies include representations of class masculinity and sexuality in contemporary Taiwanese and Chinese cinema the figure of the sex worker as a symbol of modernity and mobility and artists representations of Beijing at the time of the 2008 Olympics History of Weymouth, Massachusetts Weymouth Historical Society (Weymouth, Mass.),1923
