R. George, 2019 When Donald Trump was married to his first wife Ivana Ivana Zeln ckov in 1977 the family minister who officiated the wedding was the preacher and author of *The Power of Positive Thinking* Norman Vincent Peale Perhaps more than any other figure in American public life in the last decade Donald Trump has been able to reimagine Peale s message of positive thinking to his political advantage I never think of the negative he said after the opening of Trump Tower in 1983 Both Trump and Peale have appealed to people who like themselves have felt marginalized by an intellectual and cultural elite Peale s 1952 book which helped to drive the religious revival of the 1950s remains a perennial bestseller and has affected the lives of a vast public in the United States and around the world In *God s Salesman* Carol V R George used interviews with Peale himself as well as exclusive access to his manuscript collection to provide the first full length scholarly account of Peale and his highly visible career George explores the evolution of Peale s message of Practical Christianity the belief that when positive thinking was combined with affirmative prayer the technique of imaging and purposeful action the result was a changed life It was a message with special appeal for many in the post War middle class struggling to rebuild their lives and have a voice in society George examines the formative influences on Peale s thinking especially his devout Methodist parents his early exposure to and then enthusiastic acceptance of Ralph Waldo Emerson and William James and his almost instinctive attraction to evangelicalism particularly as it was manifested politically Twenty five years after its initial publication and with a new foreword by Kate Bowler *God s Salesman* remains a timely portrait of the man and his movement and the vital role that both played in the rethinking and restructuring of American religious life over the last seventy years      The Winners' Secret: Attitude Rev. **The A to Z of Bosnia and Herzegovina** Ante Cuvalo, 2010-04-08 Diversity has always been at the heart of Bosnia and Herzegovina's character even its dual name and physical geography display a particular heterogeneity The medieval Bosnian state never enjoyed lasting political and ideological unity as its feudal regional and religious rifts pulled at the country's seams Furthermore because of its location and by a quirk of history three major world religious and cultural traditions Catholicism Islam and Orthodoxy became cohabitants in this small Balkan country Recently the rebirth of its statehood has been exceptionally bloody and its diversity has been shaken Even 11 years after the guns were silenced the country is still under the benevolent protection of the international community whose officials are keeping the state building process in

perpetual suspense with no final result in sight The A to Z of Bosnia and Herzegovina sheds light on the uncertain situation Bosnia and Herzegovina faces while providing essential background information This is accomplished through a chronology an introduction a bibliography and more than 300 cross referenced dictionary entries on individual topics spanning Bosnia and Herzegovina s political economic religious and social system along with short biographies on important figures

**No One Will Hire Me!** Ronald L. Krannich, Caryl Rae Krannich, 2004 It s no secret finding a job is often tough and frustrating work Indeed after a few weeks of responding to classified ads surfing the Internet and applying for jobs many job seekers experience numerous rejections and thus conclude No one will hire me Worst of all they begin to lose their most important assets their self esteem motivation and enthusiasm while continuing a seemingly fruitless job search More often than not the problem of finding a job lies close at hand Not surprisingly the frustrated job seeker is often his or her own worst enemy Outlining 15 key mistakes most job seekers frequently make two of America s leading career experts provide a wealth of information and advice on how to quickly transform an ineffective job search into one that results in job interviews and offers Each chapter identifies a major mistake and then offers analyses self tests exercises and resources for avoiding the error In today s highly competitive job market where employers are demanding greater evidence of performance based on past patterns of accomplishments No One Will Hire Me offers a refreshing new look at a variety of issues affecting millions of job seekers each year Insightful practical and jam packed with user friendly resources the book shows how to organize an effective job search that out shines the competition Best of all the book dares to address one of today s most important issues why and how individuals must change career limiting habits that work against their best interests This book is a unique roadmap for anyone wanting to plan and implement an effective job search in what might otherwise turn out to be a sea of rejections Book jacket
