The Resurgence of East Asia Giovanni Arrighi, Takeshi Hamashita, Mark Selden, 2004-02-24 The East Asian expansion since the 1960s stands out as a global power shift with few historical precedents The Resurgence of East Asia examines the rise of the region as one of the world's economic power centres from three temporal perspectives 500 years 150 years and 50 years each denoting an epoch in regional and world history and providing a vantage point against which to assess contemporary developments

Banking on the Future of Asia and the Pacific Peter McCawley, 2017-07-01 This book is a history of the Asian Development Bank ADB a multilateral development bank established 50 years ago to serve Asia and the Pacific Focusing on the region's economic development the evolution of the international development agenda and the story of ADB itself this book raises several key questions What are the outstanding features of regional development to which ADB had to respond How has the bank grown and evolved in changing circumstances How did ADB's successive leaders promote reforms while preserving continuity with the efforts of their predecessors ADB has played an important role in the transformation of Asia and the Pacific over the past 50 years As ADB continues to evolve and adapt to the region's changing development landscape the experiences highlighted in this book can provide valuable insight on how best to serve Asia and the Pacific in the future

Changing Rice Bowl: Economic Development and Diet in China Elizabeth J. Leppman, 2005-03-01 The book deals with a topic of perennial interest to Chinese and non Chinese alike Chinese food Chinese culture is exceptionally food oriented and non Chinese are curious about what Chinese people in China actually eat as contrasted with meals in ever popular Chinese restaurants Furthermore foreigners have long received the impression that Chinese people are inadequately fed but the picture today is considerably more complex At its best the Chinese diet is among the world's healthiest and access to adequate nutritious food has made enormous progress in recent years The content of the Chinese diet and its nutritional adequacy vary over space not only in the vastness of China but even within one province All these strands examined after the end of food rationing opened new choices to Chinese consumers are portrayed in a text that is easily accessible to the general public and that is supplemented with maps graphs and photographs Beginning with

background concepts in nutrition culture and economic development the book proceeds to describe foods that Chinese traditionally eat and the farming system that has produced them for hundreds of years It then gives an overview of rural urban contrasts at the national level A summary geography of Liaoning Province in China s northeast provides background for the detailed study of the dietary regime in a sample of households at five sites within the province The book concludes with some suggestions of possible future implications of the findings Behind East Asian Growth Henry S.

Rowen,2002-11-01 East Asian countries have adopted remarkably good policies to ensure sustained economic growth but how did they come to adopt such policies in the first place This book produces a more thorough explanation than has previously been advanced drawing on several disciplines including contributions from anthropologists economists political scientists technologists demographers historians and psychologists Several contributors have held high positions in Asian governments Four broad themes are identified effective governance achieving and learning societies growth with equity external influences This is the most comprehensive account of the foundations of East Asia s rise Its distinctiveness lies in the range of comparisons across the countries of East and South East Asia and in the wide array of contributing disciplines

Practical Lessons for Africa from East Asia in Industrial and Trade Policies Peter Harrold,Malathi Jayawickrama,Deepak Bhattasali,1996 Living Standards Measurement Survey Working Paper No 121 Explores the link between poverty and lack of infrastructure using the 1992 93 Viet Nam Living Standards Survey The household data indicate that in general access to infrastructure is almost equally bad for the poor and the non poor although there are some regional and urban rural differences The paper gives particular attention to the potential benefits from an expansion of irrigation infrastructure
